# WHIRLPOOL® BRAND COMMERCIAL LAUNDRY PRODUCTS

*FEATURING*  
FACTORY EQUIPPED  
COIN SLIDE AND COIN BOX

Reliability, Flexibility, Durability, and Simplicity . . . From the Industry Leader in Laundry

Whirlpool Brand.  
In a word,  
**Cha-Ching!**

Water and energy savings. Front-service access.

A nationwide support network. And dependability and simplicity you and users recognize.

It's all yours from the industry leader in laundry - Whirlpool Corporation.

Whirlpool® commercial laundry.

Like money in the bank.

800-NO-BELTS (800-662-3587).

THE INSIDE ADVANTAGE™

POWERFUL BRANDS • INNOVATIVE PRODUCTS  
CONSUMER INSIGHT • TARGETED SERVICES

## SECURITY FEATURES OFFERED ON ALL WHIRLPOOL® COMMERCIAL LAUNDRY PRODUCTS

- Washer tops and lids are coated with porcelain to resist chipping and rusting and will withstand the harsh chemicals used in a laundry environment.
- Washer and dryer cabinets are designed to be some of the most durable in the industry. Heavy galvanized metal gives Whirlpool Corporation the advantage to guarantee cabinets against rust-through (see warranty for details.)
- Torx® console screws are made of rustproof stainless steel and may not be removed with the average screwdriver.
- The optional front lock offers you extra security by tying the front and top of the machine together. The appearance of the lock may be enough to deter the common vandal.
- The hidden lid switch on our washers ensures safe operation and tamper prevention.

Whirlpool® Fabric Care technology provides a tried and true solution for consumers that prefer a top load washer. Whirlpool Corporation has designed a top load washer that is easy to use and delivers exceptional and dependable cleaning performance. Choose Whirlpool® Commercial Laundry for your coin store, multi-housing, and university projects.

Reliability, Flexibility, Durability, and Simplicity.

Whirlpool Corporation has a Dedicated Sales and Service Staff Committed to the Success of your Commercial Laundry Business. Please Contact us at 1-800-NO-BELTS (1-800-662-3587).

## WHIRLPOOL® HOME APPLIANCES. WORLD'S BEST SELLING HOME LAUNDRY\*

It's the 21st century and "good enough" just isn't enough anymore. Your customers expect more from their laundry facility. They want easy to use, large capacity machines that provide many options for quality fabric care.

The entire commercial line-up of Whirlpool® washers and dryers follows with exceptional capacity, cleaning, and drying performance. Each model has combined fabric care options and conveniences that enhance **your power to satisfy each customer's needs.**

### Seven Key Factors to Consider During Your Equipment Selection:

1. Energy Consumption
2. Ease of Use
3. Performance
4. Durability
5. Flexibility
6. Security
7. Warranty

### Coin Store

Customers feel secure knowing that they are using equipment backed by the world's largest manufacturer of laundry products. Our experienced Whirlpool distributors will guide you through every step of creating a new coinstore or retrofitting your existing location.

### Multi-Housing

Whether you choose the convenience of a route operation agreement, or to own and maintain your own equipment, you can trust that Whirlpool® Commercial Laundry has the products to suit the needs of you and your tenants.

Whirlpool Corporation offers some of the most recognized and trusted brands in the world. Brands that your residents trust for quality, reliability and efficiency. As a Property Manager, you need to make the right selection of products for your laundry areas. Choose Whirlpool® brand Commercial Laundry from the WORLD'S LEADING BRAND of major home appliances!\*

### University

In the realm of university life, security, reliability and durability are of utmost importance. Let us "educate" you on the advantages of using Whirlpool® Commercial Laundry products featuring factory equipped coin slide and coin box.

## MAXIMIZE REVENUE

Whirlpool® Commercial Laundry Products featuring factory equipped coin slide and coin box are designed for **simplicity, durability, and flexibility** to meet a variety of needs. A simple mechanical timer and Direct-Drive,

**NO BELT Washing System** offers years of reliable operation at a very competitive price. Every Whirlpool® Washer features the 2 speed advantage, offering a true low speed gentle wash option. A high speed spin of 640 rpm ensures optimal water extraction.

A 10% owner adjustable water savings switch can reduce overall water consumption to 31 gallons per cycle!

A heavy gauge, galvanized cabinet with porcelain top and lid is difficult to dent and resists rust.

### WHIRLPOOL® DIRECT-DRIVE, NO-BELT WASHING SYSTEM

During the service lifetime of a typical Maytag® Speed Queen® or GE® commercial belt-driven top load washer, it is possible that many belts will need to be replaced. Belt driven washing machines rely on belt slippage to slowly build up spin speed.

Machines get overloaded - Belts wear - Belts break - and your machine is out of commission.

#### WHY SETTLE FOR 50 YEAR OLD BELT-DRIVEN TECHNOLOGY?

Whirlpool® Direct-Drive, NO BELT, enclosed clutch washers eliminate the need for belts. Whirlpool® brand Direct-Drive washer motor coupler isolators feature a heavy duty automotive design. They have been tested to 20,000 cycles without failure!\*

No belts equate to less hassle, fewer repairs, and an uninterrupted income stream for you.

VS

WHIRLPOOL

THE COMPETITION

**One Durable  
Whirlpool® Motor  
Coupler Isolator Can  
Be Equivalent to  
Many Competitive  
Product Belts!**

Maximize the Efficiency and Profitability of Your Laundry Area with  
Whirlpool® Brand Commercial Laundry Products Featuring Factory Equipped Coin Slide and Coin Box

## WHIRLPOOL® BRAND COMMERCIAL WASHERS

## COMMERCIAL WASHER

featuring factory installed  
coin slide and coin box

### DIRECT DRIVE SYSTEM

27" Heavy-duty Commercial Washers feature the Direct-Drive, No-Belt Washing System for greater reliability, reduced down time and increased profits.

### LARGE CAPACITY WASH BASKET

Ideal for handling family size loads!

### PORCELAIN FINISH

Porcelain top and lid finish resists rust, chipping and scratching.

### FRONT LOCK READY

Factory installed lock blank provides a visual vandalism deterrent.

To further discourage theft, order optional front panel lock assembly (part #358290) for the added security of tying the front and top panels together.

### 10% WATER SAVINGS OPTION

Rear panel-mounted, owner adjustable

water savings option increases energy efficiency by reducing water consumption to 31 gallons per cycle when selected.

### TRIPOD SUSPENSION

Sturdy tripod suspension with active liquid filled balance ring reduces

product weight while balancing commercial size laundry loads.

### RUST PROOF SCREWS

Rust proof Stainless Steel Torx® control panel screws give your machines

added security and service life!

### SEALED HIDDEN LID SWITCH

To help ensure safe operation, Whirlpool® commercial washers

feature a lid switch that is truly hidden. Not only does this prevent tampering, it ensures that the washer will not operate when the lid is open.

## CAM2752K - 27" 2-Speed Washer with Factory Installed Coin Slide and Coin Box

**EXCLUSIVE  
1 YEAR FACTORY LABOR

## WHIRLPOOL® BRAND COMMERCIAL DRYERS

**FRONT LOCK READY**  
Factory installed lock blank provides a visual vandalism deterrent.

To further discourage theft, order optional front panel lock assembly (part #358290) for the added security of tying the front and top panels together.

### 1/3HP MOTOR

1/3HP motor with overload protection.

### THERMOSTAT

Single operating thermostat for simple accurate temperature control.

### BALANCED AIRFLOW SYSTEM

Whirlpool® commercial dryers have an energy-efficient balanced airflow system that circulates air throughout the drum to equalize drying temperatures (with a normal venting system.)

### LARGE CAPACITY METERCASE

Larger coinbox for reduced collections.

### LARGE 7.4 CU. FT. DRUM CAPACITY

The increased capacity allows for large loads of clothes tumble and spread, saving you and your customers drying time and expense.

### LARGE LINT FILTER

Pull-out, 84 square inch lint filter.

### 4 WAY-VENTING

4 Way-venting from left or right side, back or bottom.

### SIDE SWING DOOR

For convenient access, the wide-opening side-swing door can be opened a full 180°.

### RUST PROOF SCREWS

Rust Proof Stainless Steel Torx® control panel screws give your machines added security and service life.
