### Product Features:

|                                     |                                                                                                                                                                           |
|-------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| BeautyFridge Cosmetics Refrigerator | Designed and constructed to ensure the proper storage conditions for skincare products                                                                                    |
| 18" wide single drawer cooler       | Slim fit allows you to elevate extra undercounter or wall space                                                                                                           |
| Panel-ready                         | Drawer accepts an overlay panel to let you seamlessly blend the unit into an existing cabinetry or closet design (panel dimensions: 11.9" H x 17.87" W at 3/4" thickness) |
| Built-in capable                    | Designed for installation in 12" H x 18" W x 22.5" D cutouts with cross ventilation in rear                                                                               |
| Quiet operation                     | Solid state cooling eliminates the typical noises and vibrations produced by compressor-based coolers                                                                     |
| 304 grade stainless steel drawer    | Drawer front and interior constructed from stainless steel for added durability and easy cleanability                                                                     |
| Digital thermostat                  | Electronic controls located on the top drawer ensure easy temperature management, with an external readout of Celsius or Fahrenheit                                       |
| Perfect chilling temperature        | Designed to operate between 46 and 68°F for the ideal storage of perfumes, serums, and other skincare products                                                            |
| Great for skincare products         | Temperature range and unit size makes it the perfect spa or vanity cooler to keep cosmetics, serums, and other skincare products stored at the proper conditions          |
