- Full Window View - This GE Profile window air conditioner is designed to maintain the view through the window, letting it open freely after you install the unit and allowing more natural light into the room
- Ultra Quiet - This quiet air conditioner reaches sounds as low as 41 dB, underlining GE Profile's rating as the Quietest Window AC Brand. (Based on avg sound ratings by brand of 5K-24K BTU Window AC from publicly available info, compared to 74% of the product in the US WAC category per Traqline 9/21)
- Industry Exclusive Flex-Depth - The industry exclusive flex-depth design is an adjustable chase-way that accommodates wall thickness between 4.5" and 13.75"
- Built-In WiFi - Use the SmarthQ app to control and monitor this WiFi enabled smart air conditioner from anywhere, giving you connected peace of mind
- Voice Control - Use voice commands to control the unit after connecting it to a smart speaker like Amazon Alexa or Google Assistant
- Energy Reporting - Monitor air conditioner energy consumption with reports that show how much you've used, so you can maximize savings and enjoy a truly connected performance
- Geolocation - Geofence technology pinpoints your smartphone location then automatically adjusts the smart air conditioner settings for when you're home
- Auto-dimming - The LED display automatically dims after one minute of inactivity so you aren't disturbed by the light as you sleep

- Maximum Comfort Cool - Three cooling settings and fan speeds provide total flexibility with optimal home comfort and air conditioner efficiency
- Easy Installation - This unit sits below the window sill and is easy and safe to install in a double hung window with included installation kit
- Eco Mode - The air conditioner Eco Mode automatically turns off the fan and compressor when the room is cool enough, reducing your utility costs
- Filter Reminder - Get a filter change reminder when the filter needs cleaning, so you can keep the unit performing at its best
- Capacitive Touch - The capacitive touch screen controls are flush with the air conditioner and require less pressure to operate
- Dry Mode Dehumidify - A built-in air conditioner humidity setting balances humidity levels in the room to maintain comfort and make it easy to breathe
- Cools Small Rooms - 6,100 BTU cooling capacity offers maximum comfort in rooms up to 250 square feet
