# CUSTOM HOODS

## BUILDING YOUR DREAMS

YOUR PERFECT CUSTOM KITCHEN RANGE HOOD, HAND-CRAFTED WITH DECADES OF EXPERIENCE, TO MATCH YOUR LIFE.

Imagine a kitchen range hood, the centerpiece of the heart of your kitchen, that is thoughtfully designed to work with every nuance of your lifestyle. With over 130 years of hand-craftsmanship in Reading, PA, Prizer Hoods brings world class quality and style to each individual custom hood. You have ideas and concepts that you want to see take shape in your kitchen. Working with your Prizer Hoods designer is simple: we work alongside you to create your own luxury kitchen range hood.

At Prizer Hoods, we build your dreams.

## VISUALIZE THEN CUSTOMIZE

If you desire a custom hood that's uniquely designed to fit your kitchen décor and layout, Prizer custom hoods are for you. With thousands of color, finish, and trim combinations, we promise you a hassle-free experience and the hood of your dreams.

### HOW IT WORKS

- 1 ENVISION**  
your inspiration and describe your Prizer Hood.
- 2 REQUEST -A-QUOTE**  
Fill out the request-a-quote form on page 77.
- 3 RECEIVE**  
a detailed quote from the Prizer Hoods designer.
- 4 RETURN**  
the signed quote, a binding agreement, to place your order\*.
- 5 REVIEW**  
autoCAD drawings. Your custom hood will be delivered in 10-14 weeks.

\*The signed quotation is considered a binding contract.

## DESIGNER HOODS

### HOW DO WE CREATE A DESIGNER HOOD?

When a customer falls in love with one of our standard hoods, but would like to personalize it by adding a trim package such as a utensil rail, an unusual duct cover or any kind of decorative trim...Voila! Prizer Hoods transforms your dream to a one of a kind designer hood. This personalization determines that a designer hood is now in order. Upon placing an order, our engineers will provide you with a 3-D autoCAD drawing depicting your exact specifications.

For more information on our 190 designer colors and finish options, reference page 68.

## STANDARD HOODS

**SETTING NEW STANDARDS AT  
PRIZER HOODS.**

Professional chefs and varied cooking methods inspired the design team at Prizer Hoods to develop a premium line of industry standard hoods that meet and exceed our consumers' demanding expectations. We've taken the best ideas right from our consumers – the home chef and the professional chef – and we've turned them into the world's best hoods.

Tiny details become huge. It's our business to perfect how your hood functions. Sparks may fly over the cook-top when meals are being prepared. The inside components of your hood are what matters most – namely the high-performance fan that protects you from smoke, steam and grease-laden air. With your kitchen's unpredictable cooking conditions, rest assured, our hoods strike that perfect balance... the balance between performance and style.

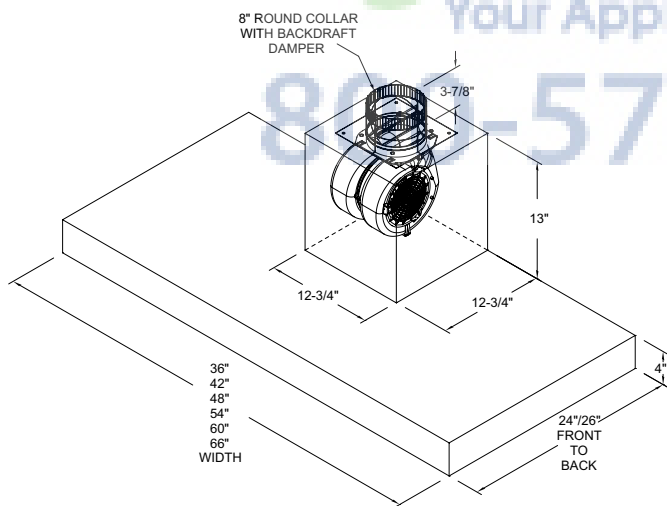

# UNDER CABINET

## THOUSANDS OF DESIGNER CHOICES

At Prizer Hoods, our extensive palette of hood styles, surface materials and luxury finishes offers you more options than any other hood manufacturing company. Our collections are uniquely created to inspire your imagination and accentuate your kitchen. Mix and match in almost endless combinations. Combine with distinctive hardware such as utensil rails, unusual nail-heads, standing seams and European Black Steel strapping for maximum impact. Finally, a kitchen hood worthy of your personal signature.

### 190 BRILLIANT COLORS

With so many color choices, it's easy to seamlessly coordinate your beautiful new Prizer hood with any kitchen décor.

## TRIM OPTIONS

### UTENSIL RAILS

Utensils rails may be applied to the front-face of a hood, sides, extruded reveal or top.

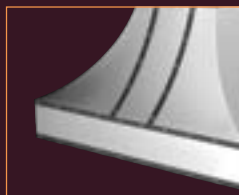

**FEATURES:** Factory installed, 5/8" round tubing, welded corners, mounting brackets

**METALS:** Stainless steel, brass, copper, black steel

**FINISHES:** Brushed, mirrored, powder coated

**OPTIONAL:** Utensil rail may be ordered with mounting brackets in different metals

**EXAMPLE:** Utensil rail brushed copper, mounting brackets mirrored brass

### DETAILED STRAPPING AND BANDING

Detailed strapping and banding may be applied to hood face, extruded reveals, flues or duct covers.

**HORIZONTAL FLAT BANDS:** 1" up to 4"

**VERTICAL FLAT BANDS:** 1" up to 4"

**STANDING SEAMS:** Stands 1" tall

**MIRRORED STRIPING:** 1/4" to 1/2" wide

# IN-HOOD FANS

## CFM300 IN-HOOD FAN

### WALL APPLICATION - 6" ROUND COLLAR

**Maximum CFM:** 300

**Electrical Motor Rating:**

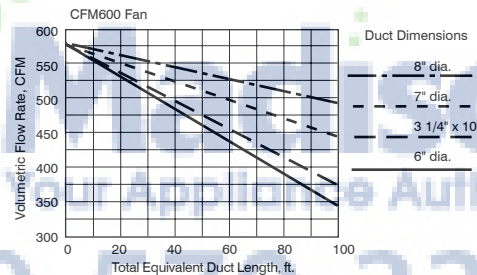

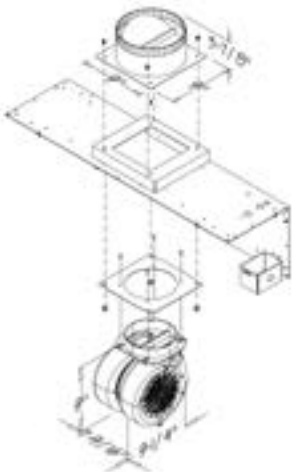

1.79 Amps @ 115V AC, 60 Hz

#### COMPATIBLE WITH:

- Low Profile
- Santa Fe - 10" Tall
- Pro Metal Liner - 28" Wide
- Metal Liner - 28" Wide
- Compact Metal Liner

## CFM600 IN-HOOD FAN

### WALL APPLICATION - 8" ROUND COLLAR

**Maximum CFM:** 600

**Electrical Motor Rating:**

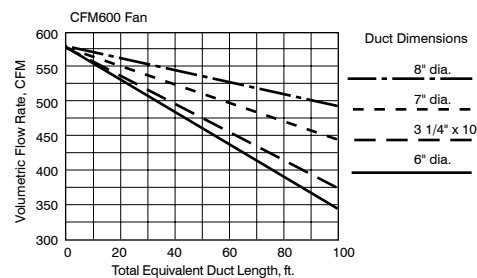

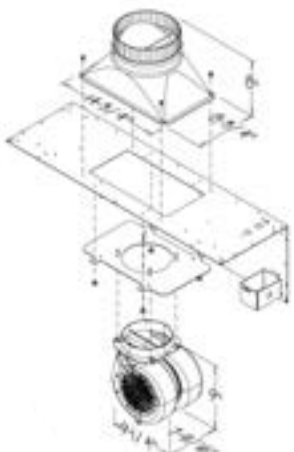

4.0 Amps @ 115V AC, 60 Hz

#### COMPATIBLE WITH:

- Low Profile
- Santa Fe - 10" Tall
- Pro Metal Liner - 28" Wide
- Metal Liner - 28" Wide
- Compact Metal Liner

## CFM600 IN-HOOD FAN

### WALL APPLICATION - 8" TRANSITION

**Maximum CFM:** 600

**Electrical Motor Rating:**

4.0 Amps @ 115V AC, 60 Hz

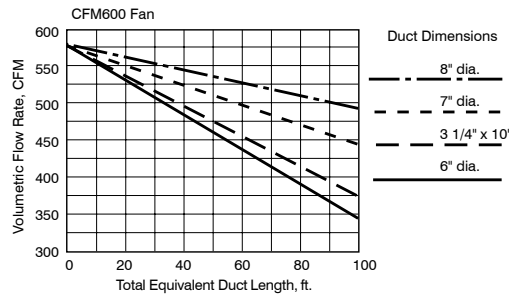

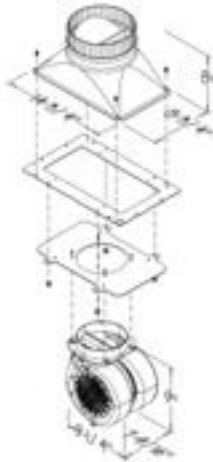

#### EXCEPTION:

- Low Profile
- Santa Fe - 10" Tall
- Pro Metal Liner - 28" Wide
- Metal Liner - 28" Wide
- Compact Metal Liner

# IN-HOOD FANS

## CFM600 IN-HOOD FAN

### CHIMNEY & ISLAND APPLICATION - 8" TRANSITION

**Maximum CFM:** 600

**Electrical Motor Rating:**

4.0 Amps @ 115V AC, 60 Hz

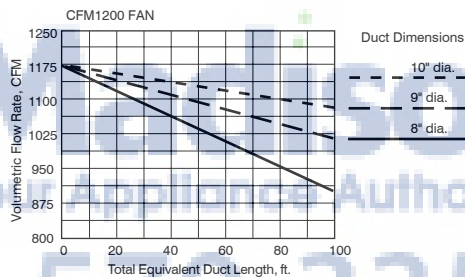

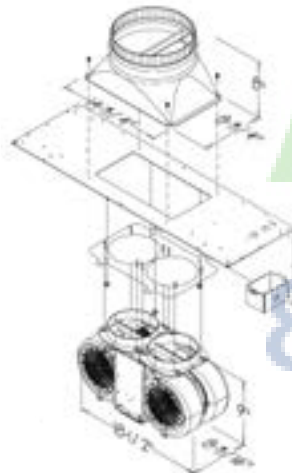

#### EXCEPTION:

- Manhattan Wall - 36" Wide
- Manhattan Wall - 42" Wide
- Manhattan Island - 36" Wide
- Manhattan Island - 42" Wide

The above must be used with an 8" round collar with backdraft damper.

## CFM1200 IN-HOOD FAN

### WALL APPLICATION - 10" TRANSITION

**Maximum CFM:** 1200

**Electrical Motor Rating:**

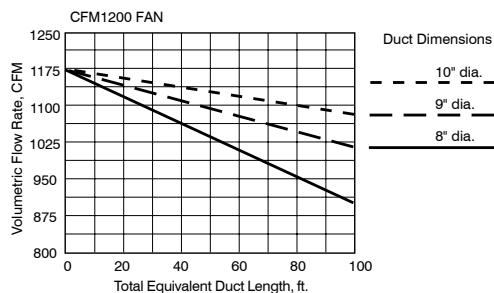

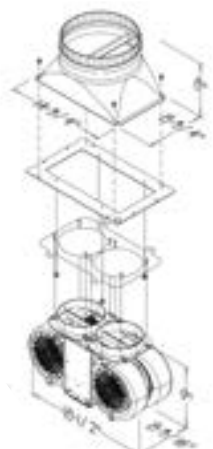

8.0 Amps @ 115V AC, 60 Hz

#### EXCEPTION:

- Low Profile
- Santa Fe - 10" Tall
- Pro Metal Liner - 28" Wide
- Metal Liner - 28" Wide
- Compact Metal Liner

## CFM1200 IN-HOOD FAN

### CHIMNEY & ISLAND APPLICATION - 10" TRANSITION

**Maximum CFM:** 1200

**Electrical Motor Rating:**

8.0 Amps @ 115V AC, 60 Hz

#### EXCEPTION:

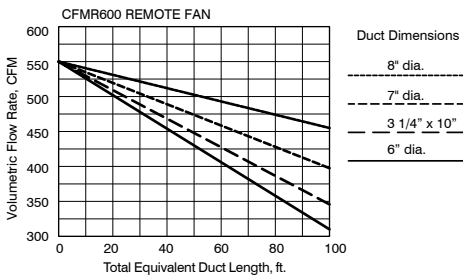

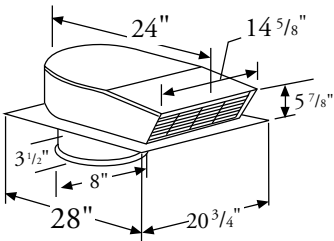

- Manhattan Wall - 36" Wide
- Manhattan Wall - 42" Wide
- Manhattan Island - 36" Wide
- Manhattan Island - 42" Wide

The above must be used with an 8" round collar with backdraft damper.

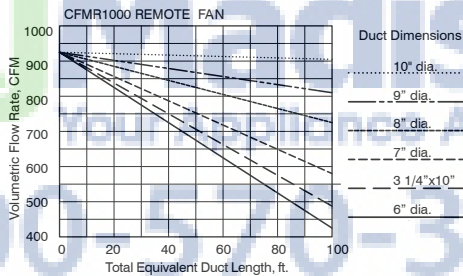

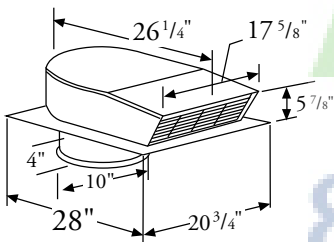

# REMOTE FANS

MODEL	VOLUME FLOW RATE FOR EQUIVALENT DUCT LENGTHS	APPLICATION
CFMR600 REMOTE FAN		

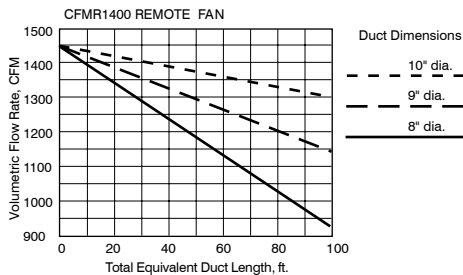

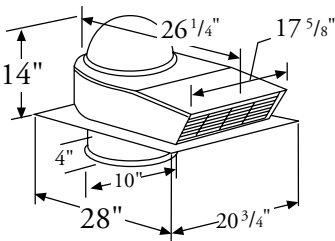

**Maximum CFM:** 600  
**Electrical Motor Rating:**

10" Square-to-round transition

CFMR1400 REMOTE FAN		
---------------------	--	--

**Maximum CFM:** 1400  
**Electrical Motor Rating:**  
12 Amps @ 115V AC, 60 Hz  
**Duct Size at Discharge:**  
10" Square-to-round transition

# WARRANTY & ORDERING

## One Year Warranty

One year limited warranty: all Prizer Hoods products are warranted for the original purchaser, only when purchased directly from our authorized (contracted) distributors and authorized (contracted) dealers, against any defects in material or workmanship for a period of one year from the date of delivery. Warranty covers all parts and labor to repair or replace any part of the product that proves to be defective in material or workmanship.

All services provided by Prizer Hoods, must be performed by Prizer Hoods authorized service representatives unless otherwise specified by Prizer Hoods. Service will be provided in the home during normal working hours.

## Warranty Terms

The warranty applies only to products installed for normal residential use in the United States or Canada. The warranty does not cover any parts or labor to correct any defect caused by negligence, accident, improper use, maintenance, installation, service, or repair.

The terms described above for this warranty are the only ones Prizer Hoods will provide. Prizer Hoods will not be responsible for any damages arising from the breach of this warranty or any previous or subsequent warranties issued by Prizer Hoods.

To receive parts and/or service and the name of the Prizer Hoods authorized service representative nearest you, or for additional warranty information, contact:

## Prizer Hoods

600 Arlington Street  
Reading, PA 19611  
(800) 449-8691

Prizer Hoods reserves the right to modify the specifications or discontinue models without prior notice.

## Placing Orders

Mail or fax orders to Prizer Hoods, authorized distributors or call Prizer Hoods at (800) 449-8691 or fax (610) 376-2596.  
Website: [www.prizerhoods.com](http://www.prizerhoods.com)  
Email: [sales-service@prizerhoods.com](mailto:sales-service@prizerhoods.com)

## Freight

All custom hoods are shipped in foam-lined, custom made wooden crates. Special sizes and designs exceeding sixty inches (60") are subject to additional freight and crating charges.

## Suggested Fan Sizes For Larger Hoods

54", 60" and 66" wall and island hoods may require a CFMR1400 remote fan.

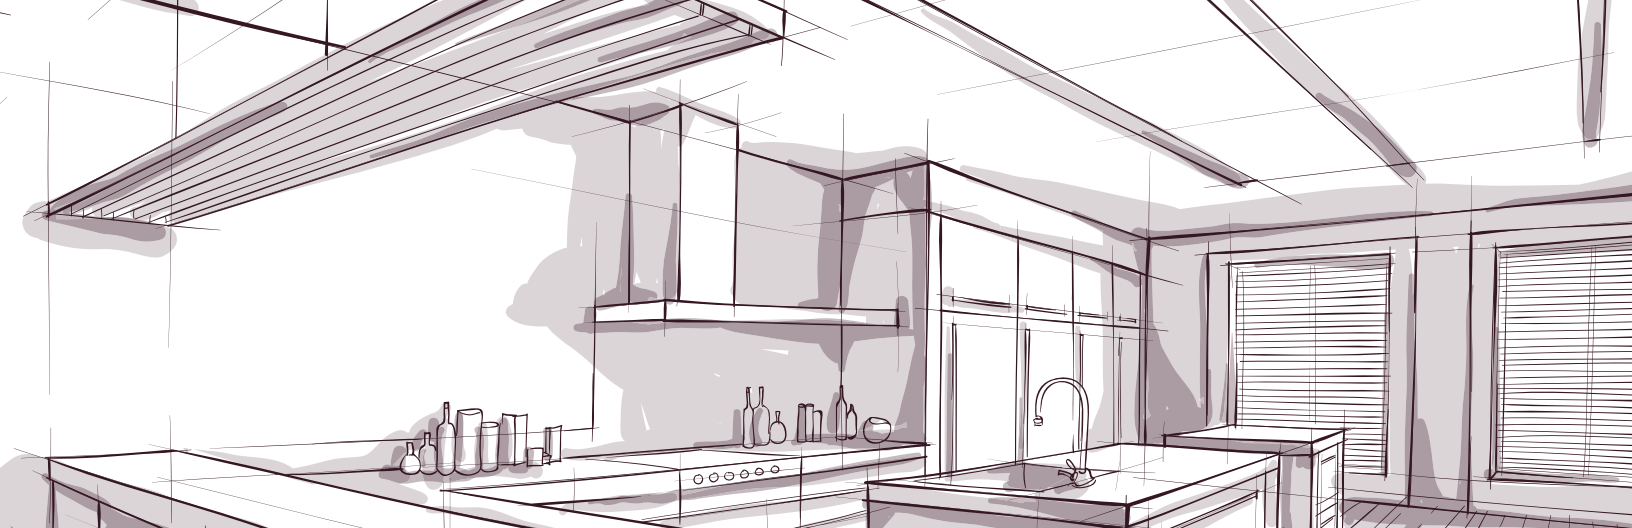

## Additional Assistance

It is through years of innovation, fabrication techniques, and advanced technology that we are able to respond to additional needs for unusual applications. Our engineering, sales, and service departments are available to assist you, your architect or contractor regarding special projects, builder developments, lead-times, technical information, calculations, and installation information.

## Shipping Damages

Inspect your shipments immediately. The shipper is responsible for the merchandise while it is in transit to you. If there is damage to your shipment, action must be taken by you to notify the shipper within 48 hours of receipt of shipment to assure approval of claim. It is the duty and responsibility of the shipper to give you a written report of such damage following notification.

# CUSTOM HOODS ORDERING INFORMATION

## ORDERING YOUR CUSTOM HOOD IS EASY.

1. The retailer or kitchen designer completes the Request-A-Quote form (page 77) and submits to the Prizer Hoods Designer.
2. The Prizer Hoods Designer reviews the specifications and provides a quote. Typically the quote should be back to the dealer within a day or two.
3. The quote is forwarded to the dealer/distributor/designer/homeowner. After review, the homeowner or dealer approves and signs the quote. It is then sent back to Prizer Hoods.
4. Upon receipt of the approved quotation from the customer, the engineering department will produce detailed autoCAD drawings.
  - a. At this point, the Dealer/Distributor requests a deposit.
  - b. The Dealer/Distributor issues a P.O. to Prizer Hoods for production to commence.

With a "binding contract in place", the signed quotation is considered a standard in the fabrication and construction industry. It protects the creativity of the manufacturer so that proprietary drawings are not "bid out" to competitors. For example, interior designers or architects do not release their drawings or renderings to the customer prior to receiving a signed agreement and/or deposit.

5. **When Prizer's engineers have produced the complete set of autoCAD drawings for release to the dealer or customer, the order can no longer be canceled!**

The designer/builder/homeowner/architect may revise the drawings as often as necessary. The autoCAD drawings will reflect the newest revisions or changes that are requested.

6. In approximately 10 to 14 weeks (depending upon the complexity of the design) the hood is shipped to the homeowner or dealer.
