

Balanced flavors  
are drawn evenly  
from all the  
grinds.

*What is the best way to*  
**PREPARE THE GRINDS**  
*for an even extraction?*

Steady, low pressure pre-infusion gently expands grinds before increasing to high pressure for an even extraction.

Low Pressure Pre-Infusion    Temperature Stability    Programmable Shot Volume    Espresso Pressure Gauge    High Pressure Italian Pump    BPA Free Materials\*

## Technical Specifications

Pump	15 Bar Italian Pump
Heating System	1600W thermocoil. Integrated stainless steel water coil accurately controls water temperature
Temperature Control	Electronic PID temperature control for increased temperature stability
Low Pressure Pre-Infusion	Applies low water pressure at the start of the extraction to gently expand grinds for an even extraction
Programmable Volumetric Control	Preset 1 & 2 cup shot volumes, manual over-ride or re-programmable volumes
Dry Puck Feature	Removes excess water from the ground coffee in the filter basket after extraction for easy disposal of the coffee puck
Auto Purge	Automatically adjusts water temperature after steam for optimal espresso extraction temperature
Other Features	61 fl.oz (1.8L) removable water tank with handle Replaceable water filter reduces impurities & scale Espresso pressure gauge monitors extraction pressure Instant hot water for Americanos & pre-heating cups Stainless steel 360° swivel-action steam wand Integrated & removable 54mm tamper Cup warming tray Removable drip tray with Empty Me! tray full indicator Storage tray houses included accessories Cleaning alert 'Sleep Mode' after 1 hour & 'Auto Off Mode' after 3 hours Breville Assist™ Plug *BPA Free - all parts that come into contact with coffee & water
Accessories	54mm single & dual wall filter baskets (4), coffee scoop, stainless steel frothing jug, cleaning tool, cleaning disc & tablets, Allen key, water filter holder & filter
Dimensions	(L)10¼" / 26cm x (D)12½" / 31.5cm x (H)13¼" / 33.5cm
Weight	17lbs
