

36 INCH COUNTER DEPTH FRENCH DOOR REFRIGERATOR

BRFD2230SS

Contemporary European Design

Blomberg refrigerators harmonize refined design sensibilities with the demand for functional excellence. Thoughtful decisions include a streamlined counter-depth design for the clean sight lines you covet, reversible doors for ultimate flexibility, plus a luxurious stainless steel finish that resists fingerprints and makes cleaning effortless. Boldly beautiful Euro-style handles combine sophistication and strength to complement both your aesthetics and your active life. Inside, theatrical LED lighting brilliantly illuminates every corner while conserving energy. Prominent digital display puts complete control within easy reach.

In Harmony with Nature

Blomberg understands living well also means living intelligently and responsibly. It's a distinction that earned us the ENERGY STAR[®] 2017 Partner of the Year award. Featuring innovative technology that safeguards your food and ensures maximum freshness, our ENERGY STAR certified refrigerators also conserve energy, save money, and help protect the planet. The ultimate in eco-friendly engineering, Blomberg refrigerators are built with 99.9% lead-free materials, 100% free from ozone-depleting greenhouse gases, and manufactured with 85% recyclable components.

In Harmony with Your Life

Duo-Cycle Cooling

Ingenious Blomberg refrigerators are equipped with advanced multi-cycle, no-frost, silent cooling technology. Independently zoned and controlled cooling systems maintain even air temperature and humidity in separate freezer and fresh-food compartments, delivering enhanced food preservation and maximum energy efficiency. No air transfer between compartments means food in the freezer section freezes faster, items in the refrigerator stay fresher longer, and odors don't circulate.

Blue Light Technology

Exclusive Blomberg Blue Light Technology represents a breakthrough in keeping fruits and vegetables fresh and juicy long after they're picked. Continuous blue light rays illuminate the crisper and allow the natural process of photosynthesis to continue, prolonging storage life and preserving natural flavors, colors, textures, and nutrients.

IonFresh

This exceptional Blomberg technology simulates a natural process to bring pure freshness to your kitchen. By producing negative ions inside the refrigerator, Ion Fresh captures and neutralizes airborne bacteria, odor-causing microbes, and ethylene gas, extending the life of fresh fruits and vegetables and keeping circulated air clean and fresh smelling.

Automatic Ice Machine

Whether you are getting ready for a big party or just keeping up with your busy family life, there is never a need to rush out and buy ice. The Blomberg turbo-charged, automatic icemaker can produce up to 11 pounds of ice per day.

36 INCH COUNTER DEPTH FRENCH DOOR REFRIGERATOR

BRFD2230SS

Fridge Features

- Duo Cycle Cooling
- Blue light technology
- IonFresh
- Inner digital display
- Sabbath mode
- Large pantry drawer
- Height adjustable cantilever shelves
- Interior filtered water dispenser
- Interior theatre lighting with LED lights

Freezer Features

- Automatic ice machine
- Large freezer drawer

Dimensions

H x W X D: 69 3/4" x 35 3/4" x 26 13/16"
Depth is with door / without handles

CONTROLS	BRFD2230SS
Cooling system	Duo Cycle Frost Free Cooling
Control system	Electronic Control
CAPACITIES	
Total net volume, cu. ft.	19.86
Fresh food net volume, cu. ft.	13.3
Freezer net volume, cu. ft.	6.56
