#### 32.75" x 19" x 19.75" (H x W x D)

General purpose ADA height 2-door refrigerator-freezer with digital refrigerator control, internal fan, and alarm/thermometer

#### **Highlights:**

Combination refrigerator-freezer for general purpose storage in facilities

Digital controls allow you easily manage the refrigerator temperature between 2 and  $8^{\circ}C$ 

Alarm/thermometer included to help monitor the interior temperature

## **Product Features:**

2 to 8°C refrigerator section for basic storage applications, with an upper freezer compartment ideal for ice packs
Height to cabinet is 32 5/8", with an additional 1/8" required for the hinge cap
Easy operation with a factory-installed digital thermostat that allows you to manage the refrigerator temperature between 2 and 8°F (NOTE: the freezer temperature will self-adjust based on the refrigerator setting)
Temperature monitoring device (TMD) displays the current and min/max temperature of the refrigerator interior, with an audible alarm to alert if the unit goes out of range
Thermometer probe is encased in a glycol-filled bottle to better simulate the temperature of stored contents instead of refrigerator air temperature
Thermometer is designed to be placed on the door, allowing you to view the interior temperature without opening the door and exposing stored contents to warmer air
Refrigerator section includes a factory-installed fan to help ensure a more evenly cooled interior
Lower refrigerated section does not require manual defrosting

Manmar def POSA INCEZEIVISION, FELIX STORCH, Statiq POOLing A Station in the upper freezer compartment 770 Garrison Avenue Bronx, NY 10474 USA TEL 718-893-3900 FAX 844-478-8799
