

AIWD450

43.5" x 16.5" x 26.5" (H x W x D)

Commercially listed countertop ice and water dispenser with 378 lb. ice production capacity

Highlights:

Dispenses ice, water, or ice+water to meet all of your user needs

Produces up to 378 pounds of nugget ice in a day cycle

Stainless steel construction provides a professional, sleek look

Product Features:

Commercially approved	ETL-S listed to NSF-12 commercial standards
Countertop footprint	Makes it the perfect fit for countertops and similar surfaces, with a 20" depth from the rear to front legs
Adjustable height	Adjustable legs for added convenience
Ice production	Large capacity productivity capable of 378 lbs. of ice in a day cycle
Professional look	304 grade stainless steel front, with a stainless steel look on the rest of the exterior to suit any setting
Nugget ice	Produces nugget ice which is slow-melting and easy to chew
UV lighting	Dispenser includes built-in UV lighting, as studies have shown this to be an effective tool for eliminating the growth of bacteria
Sealed back	Save-spacing back allows unit to be flush with the wall, as well as makes cleaning the exterior unit more efficient
Air-cooled condenser	Provides an energy efficient, water-saving method to keep the unit cool
