

# DW245NTADA

32.25" x 23.5" x 21.75" (H x W x D)

24" wide ENERGY STAR certified ADA compliant integrated dishwasher made in Europe with top controls and an unfinished door designed to accept custom panels

### Highlights:

- ENERGY STAR qualified performance to save on electricity and water usage
- Designed with a 32 1/4" height to fit under lower ADA compliant counters
- Panel-ready door lets you customize the unit for a seamless look that integrates into your kitchen

### Product Features:

|                                   |                                                                                                                                |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| ENERGY STAR certified             | Uses less energy and water than national standards require to ensure more efficiency and lower utility bills                   |
| ADA compliant                     | 32.25" high to fit under lower counters following ADA guidelines                                                               |
| Ultra quiet performance           | Advanced sound absorbing construction operates at 47 dB                                                                        |
| Touch controls                    | Intuitive button controls with a digital display to ensure you select the proper cycle                                         |
| Top control panel                 | Touch controls are located on the top of the door, providing a cleaner look to better integrate into your kitchen              |
| Panel-ready door                  | Unfinished door is designed to accept your own panel and handle, creating a seamless look to blend into your kitchen cabinetry |
| Stainless steel interior          | Durable interior ensures long-lasting use                                                                                      |
| Slide-out nylon coated wire racks | Two easy-gliding racks for easy loading and long-lasting durability                                                            |
| Adjustable top rack               | The upper rack can be repositioned to help accommodate taller items                                                            |
