

# GC432B

2.88" x 29.5" x 20" (H x W x D)

30" wide 4-burner gas cooktop made in Italy with sealed burners, continuous cast iron grates, LP conversion kit, and black matte finish

### Highlights:

- Made in Italy
- 4 sealed burners provide optimal heating options in a modern design
- Continuous cast iron grates offer easy use of the multiple burners

### Product Features:

|                                     |                                                                                                                                                                     |
|-------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Sealed burners                      | Quality burners by Defendi with cast iron caps ensure lasting durability and easier cleanup                                                                         |
| Steel surface in black matte finish | Durable cooktop surface features a unique black finish in matte style                                                                                               |
| Continuous cast iron grates         | Solid cast iron construction to support heavy cookware, with a continuous design that makes it easy to move pots to a different burner                              |
| Designer knobs                      | Heavy duty brass and aluminum knobs in a round design and steel finish for a modern look                                                                            |
| Push-to-turn knobs                  | Safety feature requires you to turn the knob to the "full-on" position before pushing down, waiting for the ignition, and adjusting to your preferred heating level |
| LP conversion kit included          | Convert operation from natural gas to propane with the included kit                                                                                                 |
| Rapid burner                        | Upper-left burner offers 10,000 BTU for cooking larger dishes                                                                                                       |
| Semi-rapid burner                   | Two right-side burners produce 6,000 BTU to accommodate most cooking needs                                                                                          |
| Auxiliary burner                    | Bottom-left 3,400 BTU burner allows for precision in heating or cooking dishes that require low heat                                                                |

## GC432B Specifications:

### Overview

|                            |                   |
