Smooth white surface made from Eurokera glass

Easy cleanup and elegant style on a smooth ceramic glass surface

Two heating elements

2 1200W burners, each with 6" diameter, manufactured for SUMMIT by E.G.O. of Germany, considered by many to be the finest in the world

115V operation

Requires hardwired installation to 115V current or professional installation of a NEMA 5-15 plug

Push-to-turn controls

Prevents accidents by requiring a small amount of force to turn on cooktop heat

Residual heat indicator light

Indicates when surface is still hot to touch

Designed for built-in installation

Fits counter cutout sizes that are 11 1/8" wide by 19 1/8" deep
