Grates:

Heavy-duty, cast iron, continuous grates add a premium feel and maximize your cooking surface

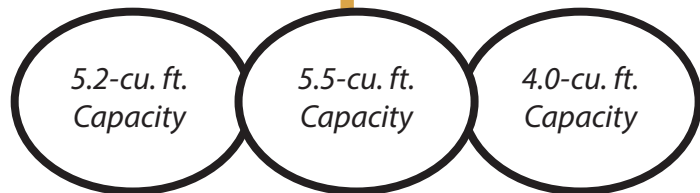

Knobs:

High quality, thick metal knobs have LED lighting to add an aesthetically pleasing appearance

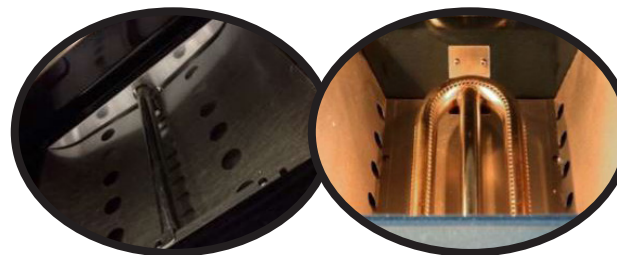

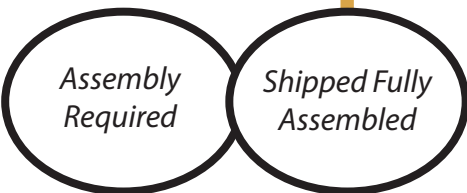

Capacity:

Maximum capacity allows for the most cooking flexibility without sacrificing performance

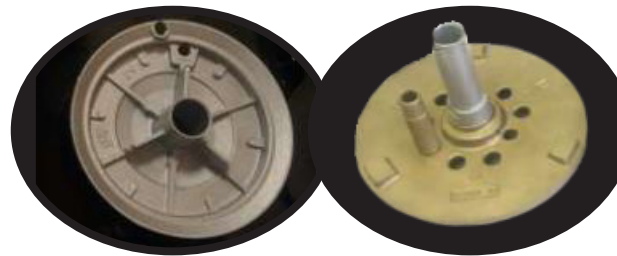

Assembly:

All ranges arrive fully assembled including knobs, handles and grates

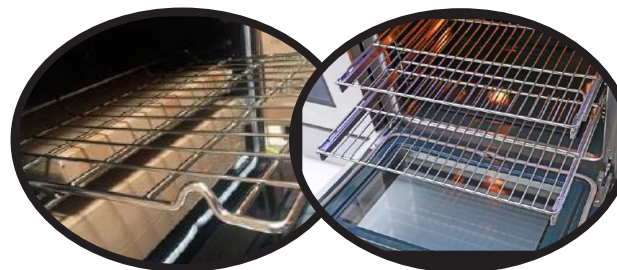

Oven Burner:

High output U-Shape for faster preheat and more powerful cooking than I-Shape burner

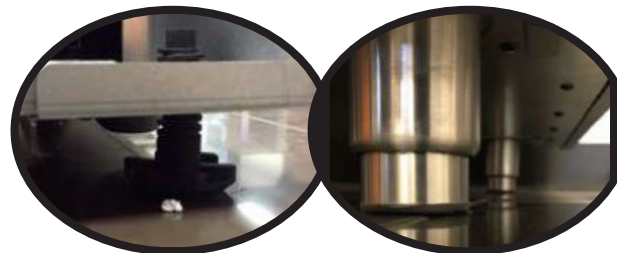

Cooktop Burners:

High quality, German engineered burners unmatched in durability compared to Sabaf burners

Racks:

Full gliding, adjustable racks maximize flexibility and convenience compared to standard oven racks

Feet:

Heavy-duty, adjustable metal feet provide better durability than standard plastic legs
