### Dimensions

Depth	23 3/4"
Height	71 27/32"
Width	35 21/32"

### Features & Benefits

#### Seamless Integration

The integrated series minimizes gaps through heavy-duty inline hinges and adjustable doors, creating consistent lines throughout your kitchen. The series fits flush with cabinetry to reduce disruption and deliver design freedom through stainless or custom panel options.

#### Fresher Food for Longer

A key ingredient in DCS refrigeration, ActiveSmart™ Foodcare helps keep your food fresher for longer by constantly monitoring how you use your fridge and adapting to maintain a controlled environment and optimum temperature.

#### Easy Cleaning

Removable, spill-safe cantilevered glass shelves are designed to contain drips and spills that can be simply wiped away, while leaving the interior walls completely smooth and easy to clean.

#### Flexible Living

These refrigerators adapt to suit your lifestyle by streamlining food preparation and organization with SmartTouch controls, flexible shelving and storage options, and slide-out bins and trays. The water filter is easily accessible for quick cleaning or replacement. LED lighting illuminates shelves, bins and trays.

#### Efficient

These ActiveSmart™ refrigerators intelligently adapt to daily use to help save energy, cooling and defrosting only when they need to without compromising on food care.

#### Easy Installation

Whether it's an update to an existing kitchen or starting from scratch on a new design, product installation is key to a high quality look and feel. Integrated refrigerators are designed to do exactly that. There are multiple angles of adjustment for the door panels. The four feet can be adjusted from the front to easily allow for uneven floors. Adjustable door panels allow the fine-tuning of minimal gaps as kitchen cabinets settle after initial installation. Common sizing, clear installation guidelines and universal panel systems are tailored to provide the best possible fit and finish.

### Specifications

#### Accessories sold separately
