

MODERNIST 6-BURNER PRO RANGE

DOP36M86D & DOP48M86D

Performance

- Promotes professional cooking results with a single burner maximum output of 22K BTU capable of simmer using solid brass dual stack burners
- Achieve meats that are juicy on the inside yet crispy on the outside using Real Steam (48") / Steam Assist (36") with external steam generator
- Large capacity oven can accommodate multiple dishes with 4.8 cubic feet of space
- Reduce cooking time with superior consistency of zero flavor transfer by distributing heat evenly across the oven with dual Four-Part Pure Convection

Convenience

- Use multiple stock pots at a time and easily slide pots and pans across spacious cooking surface with 15" ultra wide continuous grates (48")
- Rest easy knowing that oven door will not be damaged by accidental slamming of the door
- Easily clean the oven cavity using pyretic self clean or gentle steam Greenclean
- Wi-Fi enabled 7" LCD control panel automatically tilts up with a touch and allows SmartThings integration for communication between appliances
- Easily slide oven racks in and out using Gliderack with ball-bearing slides

Craftsmanship

- Heat resistant and scratch resistant DLC (Diamond Like Carbon) coating is applied to bullnose to protect and keep the surface clean (Graphite only)
