Dishwashers

Sleek, flush European styling with a design for everyone.

Bosch designers believe that form must always be balanced with function. Whether it's a new way to load your silverware and bulky items, or a seamless look with cabinets through our ultra-flush installation, our commitment to purposeful design is clear.

Our German-engineered dishwashers incorporate 18 unique sound reducing technologies, making Bosch the quietest dishwasher brand in the U.S.* with every quiet level certified by an independent lab. With our innovative third rack, your cutlery, whisks, tongs, and other odd utensils have a place all their own, allowing for 30% more loading area.**

*Based on an average of sound ratings of 24" Full Size Stainless Steel Tub dishwashers contained in major brands' websites. Major brands defined as TraQline Top 5 Market Share June 2016.   **Compared to a Bosch dishwasher with two racks.

Benchmark®
Dishwashers

A place for everything, and everything in its well-designed place.

Quietest Brand

The number one feature homeowners look for in a dishwasher is quietness, and our ingenious German engineering makes Bosch the quietest dishwasher brand in the U.S.* In fact, our dishwashers are so quiet, we've added an InfoLight® or TimeLight® to let you know a cycle is running.

Three Racks of Flexible Loading Space

Expandable wings on our flexible third rack provide extra room for ramekins, measuring cups and extra-large utensils. Adjustable tines lower to fit awkward, bulky items while our third rack's unique v-shape accommodates the loading of extra tall stemware in the middle rack.

Flush and Easy Installation

Our full size tub can be installed perfectly flush to cabinetry. And, new Bosch dishwashers come with a pre-connected heavy-duty braided water inlet hose, as well as a power cord with attached junction box for easy installation.
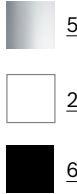

A World Leader

Bosch is the No. 1 dishwasher brand worldwide.**

*Based on an average of sound ratings of 24" Full Size Stainless Steel Tub dishwashers contained in major brands' websites. Major brands defined as TraQline Top 5 Market Share June 2016.   **Source: Euromonitor, volume sales, 2015
