

Emerson Quiet / EAD25E1H

25 Pint Dehumidifier

Control humidity levels with the touch of a button: The Emerson Quiet Kool 25-pint dehumidifier removes 25 pints of moisture from the air each day, up to 60% humidity, removing dampness and protecting your home from household allergens. With the touch of a button, the LED digital display allows you to adjust humidity levels for maximum comfort. The Energy Star rated unit dehumidifies 3.1 gallons of water in 24 hours, with a slide-out water bucket with a 0.7-gallon capacity. Compact size for smaller spaces: With a modern exterior and a compact size, the Emerson Quiet Kool is a subtle addition to any space. Perfect for garages, bathrooms, bedrooms, and more, the unit is quiet and compact, but makes a big impact. Protects your home from mold and mildew: By removing damp air from your home, the Emerson Quiet Kool 25-pint works to combat household allergens, like mold, dust, and mildew. By removing harmful bacteria from your home, you'll reduce your exposure to allergens that make breathing difficult and cause other health complications. Enjoy washable and reusable filters to guarantee fresh airflow at all times. Automatic defrost function: Equipped with an automatic defrost function, the unit fan continues to run until any frost disappears when the compressor cycles off. And during a power outage, the Auto Restart feature saves your previous settings to continue operating when power is restored. Convenient maintenance with bucket full indicator: Designed with comfort and convenience in mind, the Emerson Quiet Kool 25-pint unit comes with a check-filter and bucket-full indicator for timely reminders when to empty your dehumidifier. Complete with an anti-splash guard, you're free from messes when handling your dehumidifier. And for continuous drainage, connect your garden hose to the built-in drain outlet for even simpler use. Simple transportation throughout your home: Transport your unit as you see fit with omni-directional casters, allowing you to quickly move your dehumidifier throughout your home. Equipped with side handles, you'll enjoy easy lifting and carrying with no hassle.

- Dehumidify 3.1 gallons of water in one day (24 hours), with a slide-out water bucket of 0.7 gallon capacity. Energy Star rated
