

Emerson Quiet / EARC5MD1

5000 BTU Window Air Conditioner with Mechanical Controls

The Emerson Quiet Kool 5,000 BTU window air conditioner with mechanical rotary controls is the perfect cooling solution for your home or office. Designed for a room from 100 to 150 square feet, this easy-to-install mini-compact unit features 2 cooling speeds and 2 fan speeds with 8-way directional air louvers. You'll also enjoy quiet operation, low voltage startup to conserve energy and save money, plus convenient auto restart in case of a power failure. And for peace of mind, you get our 1-2-5 years warranty: 1 year labor, 2 years parts and 5 years compressor. Emerson Quiet Kool air conditioners are a great way to beat the heat and stay comfortable.

- 5,000 BTU air conditioner for window-mounted installation cools a room from 100 to 150 sq. ft.
- 1-2-5 years warranty! (1 year labor, 2 years parts and 5 years compressor)
- Mechanical rotary controls with 2 cooling speeds, 2 fan speeds and variable temperature dial
- Excess moisture removal up to 1.3 pints per hour for a more comfortable environment
- Quiet operation keeps you cool and comfortable without keeping you awake (on low dBA = 50)
- Washable and reusable easy-access filter to reduce room odors and other airborne particles
- Low voltage start-up conserves energy and saves you money
- After a power outage, Auto Restart resumes operating at its previous settings when power is restored
- 8-way airflow louvers allow you to direct the air where you want it
- Hydrophilic Aluminum condenser fins resist corrosion in salt water areas
- 6.5-ft. long power cord with NEMA 5-15P LCDI plug uses standard 115V electrical outlet (U.L. listed)
- Window width: 23" min / 36" max; Minimum window height: 13"
- Window mounting kit included for easy installation
