FFES3016T S/W/B

AVAILABLE COLORS

S Stainless

W White

B Black

PRODUCT DIMENSIONS

Height (Max.)	36-5/8"
Width	30"
Depth	28-5/16"

MORE EASY-TO-USE FEATURES

Oven Rack Handles
Oven racks are designed with space for you to easily pull out the racks, even when wearing an oven mitt.

Delay Clean
Set the oven to begin cleaning on your schedule.

Large Capacity
Our large capacity oven gives you room to cook more dishes at once.

Built with American Pride
Designed, engineered and assembled in the U.S.A.

Auto Shut-Off
As an extra safety measure, the oven will automatically shut off after 12 hours.

Hi/Lo Broil Options
Offers two-position broiling and variable temperature control for more control.

CERTIFICATIONS

A.D.A. - Compliant
When properly installed, this model is A.D.A.-qualified based on the United States Access Board's A.D.A./A.B.A. Accessibility Guidelines and the Department of Justice's 2010 A.D.A. Standards for Accessible Design.

ADA COMPLIANT

ELEMENTS	SIZE	WATTS
Right Front	8"	2,600
Right Rear	6"	1,500
Left Front	6"	1,500
Left Rear	8"	2,600

SIGNATURE FEATURES

Even Baking Technology
Our even baking technology ensures even baking every time.

One-Touch Self Clean
Your oven cleans itself — so you don't have to. Self clean options available in 2- and 3-hour cycles.

Store-More™ Storage Drawer
With the Store-More™ Storage Drawer, you will have extra space to store your cookware.

Extra-Large Window
Check on the status of your dish without having to open the oven door.

FEATURES

Oven Control/Timing System	Ready-Select® Controls
Surface Type	Black Porcelain (S), Color-Coordinated Porcelain (W/B)
Window	Large
Exterior Door Finish	Stainless Steel (S), Color-Coordinated (W/B)
Handle Design	Stainless Steel (S), Color-Coordinated (W/B)
Exterior Finish (Side Panels)	Black (S), Color-Coordinated (W/B)
Convection System	
Oven Cleaning System	Self-Clean
Drawer Functionality	Storage

OVEN CONTROLS

Bake	Yes

INSTALLATION SPECIFICATIONS

- Product Shipping Weight (approx.) – 190 Lbs.
- Single phase 3- or 4-wire cable, 120/240 or 120/208 Volt, 60 Hertz, fused on both sides of line with ground. (If local code permits, range may be connected by hard-wiring or by means of power supply cord kit.)
- Connected Load (kW Rating) @ 240/208 Volts = 11.6/8.7 Amps
- Amps @ 240/208 Volts = 32.7/32.1 Amps
- Recommended Circuit Breaker – 40 Amps
- Always consult local and national electric codes.
- Make sure wall coverings around range can withstand heat generated by range.
- Linoleum or any other synthetic floor covering located beneath range, must be capable of withstanding minimum heat of 90°F above room temperature without shrinking, warping or discoloring. Insulating pad or 1/4″-thick plywood required between range and a carpeted floor.
- Countertop MUST be level in all directions and adjustable range height at least 1/16″ greater than tallest cabinet height, to ensure metal rangetop flange will fit properly on countertop edge.
- When installing optional Backguard Kit, cutout depth of 21-3/4″ minimum/ 22-1/8″ maximum needs increased to 24″.
- Overhead cabinetry should not exceed a 13″ maximum depth.
- Absolute minimum horizontal distance between overhead cabinets installed to either side of appliance must be no less than maximum width of appliance.
- Allow 24″ minimum clearance between rangetop and bottom of cabinet when bottom of wood or metal cabinet is protected by not less than 1/4″ flame-retardant millboard covered with not less than No. 28 MSG sheet steel, 0.015″ stainless steel, 0.024″ aluminum or 0.020″ copper. Allow 30″ minimum clearance when cabinet is unprotected.

- To reduce risk of fire when using overhead cabinetry, install range hood that projects horizontally a recommended minimum of 5″ beyond bottom of cabinets.

COUNTERTOP PREPARATION

Rangetop's side flanges overlap countertop cutout edges — for detailed preparation instructions, refer to product installation guide on the web.

- Flat Square-Finish Countertops – require no preparation since rangetop's flange lays directly on countertop edge.
- Formed Front-Edged Countertops – require front molded edge to be shaved flat 3/4″ from each front corner of opening.
- Tile Countertops – may need trim cut back 3/4″ from each front corner of opening and/or rounded edge flattened.
- For existing cutout width greater than 30-1/16″ reduce the 3/4″ overlap dimension; for cutout width of 29″, replace actual side trim panels with smaller side trim panels, available with optional Side Trim Kit (refer to detailed kit installation instructions).

OPTIONAL ACCESSORIES

- Rear Filler Kit: White – (PN# 901193-9011), Black – (PN# 901193-9010).
- Side Panel Kit: White – (PN# 903074-9011), Black – (PN# 903074-9010).
- Backguard Kit: Stainless Steel – (PN# 903046-901S), White – (PN# 903046-9011), Black – (PN# 903046-9010).
- Side Trim Kit: White – (PN# 903075-9011), Black – (PN# 903075-9010).
