## FRIGIDAIRE.

# Freezers FFFH17F4Q T/W

## Signature Features

## SpaceWise® Adjustable Baskets with Color-Coordinated Clips

Take organization to the next level with our heavy-duty adjustable plastic baskets with color-coordinated clips that snapon, and can be used to organize items by categories or purchase date so items are much easier to find.

## **Bright LED Lighting**

Brighter LED theatre lighting so you can spend less time digging through your freezer for items.<sup>1</sup>

### **Built with American Pride**

Appliances that are high-performing, more accessible, and more innovative than ever—designed, built, and engineered in the U.S.A.

#### **Frost-Free Operation**

Never defrost your freezer again so you can spend time on more important things.

## Frost-Free 16.6 Cu. Ft. Upright

#### **Product Dimensions**

 Height (Including Hinges)
 67-11/16"

 Width
 34"

 Depth (Including Door)
 28-1/2"

#### More Easy-To-Use Features

#### Classic Slate

Available in a new modern color, Classic Slate, so it can work anywhere in your home.

#### **ENERGY STAR®-Qualified**

Save money on your utility bills with Energy Star Qualified appliances.

#### Lock with Pop-Out Key

The freezer key automatically ejects after locking the door so you won't leave it in the door.

#### Power-On Indicator Light

Know at a glance that your freezer is working.

## Adjustable Temperature Control

Select the correct temperature for your needs.

#### Internal Heater

ENERGY STAR®

#### Available in:

<sup>1</sup>Compared to Incandescent, 25W and 40W bulbs.

#### **Upright Freezer Specifications**

- Product Shipping Weight (approx.) 193 Lbs.
- An electrical supply with grounded three-prong receptacle is required. The power supply circuit must be installed in accordance with current edition of National Electrical Code (NFPA 70) and local codes & ordinances.
- · Voltage Rating -115V, 60Hz
- Connected Load (kW Rating)@115 Volts = 0.6 kW
- Amps@115 Volts = 5 Amps
- · Always consult local and national electric codes.
- For adequate air circulation, allow 3" minimum clearance on all sides and top with 1" at bottom.
- When installing freezer adjacent to wall, cabinet or other appliance that extends beyond front edge of unit, 20" minimum clearance recommended to allow for optimum 140° door swing, providing complete basket access and removal. (Absolute 3" minimum clearance will ONLY allow for 90° door swing which will provide limited basket access with restricted removal.)
- Locate where surrounding air temperature will not exceed 110°F, to ensure optimum performance. (Temperatures 32°F and below will NOT affect operation.)
- All bottom corners of unit MUST rest firmly on solid level surface of hard material, same height as flooring. Surface must be strong and stable enough to support unit when fully loaded.
- Equipped with adjustable leveling legs to ensure unit is level, which is required in order to function properly.

Note: For planning purposes only. Refer to Product Installation Guide on the web at frigidaire.com for detailed instructions.
