¹Ventilation is convertible to be either ducted outside, or recirculated inside requiring no ducting. (Recirculated option requires use of a cover.)

²7" round duct requires use of optional transition duct.

³For use on adequately wired 120V, dedicated circuit having 2-wire service with a separate ground wire. Appliance must be grounded for safe operation.

NOTE: Always consult local and national electric codes. Check local building codes for installation requirements, as they may vary per locale. Refer to Product Installation Guide for detailed installation instructions on the web at frigidaire.com.
