

Bacteria, germs, mold spores, pollen, pet dander, smoke and dust can make breathing harder, especially for asthma and allergy sufferers. Sharp's FP-P35CX Air Purifier removes these irritants with an ultra quiet fan that draws air through a two-stage filter system. Ideal for a study or bedroom, it's a smart way to choose cleaner, healthier, more breathable air.

#### Features:

**Washable Pre-Filter** traps dust, dirt and other airborne particles.

**True HEPA Filter** captures 99.97% of particles as small as 0.3 microns that pass through it, including pollen, mold, pet dander and dust. The special Antimicrobial Layer provides extra protection against viruses and allergens.

**Sensor** detects household dust particles in the air.

**Manual Operation** lets the user choose among 3 fan speeds, plus Pollen and Quick Clean modes.

**Automatic Operation** uses the Sensor to automatically adjust fan speed for the degree of cleaning required.

**Library Quiet™** operation is ideal for bedrooms and living rooms. Silent Mode is as quiet as 14 decibels, about the volume of rustling leaves. This level is among the quietest for Air Purifiers with a HEPA filter available anywhere.

**Energy Efficient** operation means it's easy on the wallet. With its advanced technologies, it is 35% more energy-efficient than standard models. It's ENERGY STAR® qualified so it can operate all the time, saving money as it improves the quality of the air.

**Inverter Technology** provides greater energy efficiency as well as a wider range of fan speeds from Silent to Maximum.

**Ultra Long Life HEPA Filters** require changing only once every five years\* so operating costs are low.

**Stylish Design** looks great in any room of the home or office.

**Clean Filter Indicator** lights when it's time to clean or replace filters.

**Timer** can be set so the unit shuts off after 1, 4 or 8 hours of operation.

\* Depending on use and room conditions

## Features & Specifications

<b>Model Number</b>	<b>FP-P35CX</b>
<b>Air Purification System</b>	Fan and two-stage filter system
<b>Pre-Filter</b>	Yes (Washable, reusable)
<b>True HEPA Filter</b>	Yes (Replaceable, lasts up to 5 years)
<b>HEPA Filter*<sup>1</sup> Anti-microbial Layer</b>	Yes
<b>Indicator for Time To Clean Filter</b>	Yes
<b>Pollen Mode</b>	Yes
<b>Sensor</b>	Yes
<b>Quick Clean</b>	Yes
<b>Clean Sign Indicator</b>	Yes
<b>Lights ON/OFF Button</b>	Yes
<b>Manual Operation</b>	Yes
<b>Fan Speeds</b>	3 (Max/Med/Silent) and Auto
<b>Voltage / Frequency</b>	120V / 60Hz
<b>Inverter Operation</b>	Yes
<b>Recommended Room Size</b>	228 sq. ft. (approx. 14' x 18')
<b>CADR (Clean Air Delivery Rate) (cubic feet of air cleaned per minute)</b>	Dust 150 / Smoke 147 / Pollen 155
<b>Air Flow Levels: Max/Med/Silent (cubic feet per minute)</b>	176 / 85 / 28
<b>Noise Levels: Max/Med/Silent (DbA)</b>	48 / 30 / 14
<b>Unit Dimensions (w x h x d) (in inches)</b>	16-3/8 x 23 x 7-7/8
<b>Unit Weight (in pounds)</b>	13.4
<b>Limited Warranty*<sup>2</sup></b>	1 year parts and labor
<b>UPC</b>	074000662179
<b>Safety Standard</b>	UL Listed
<b>ENERGY STAR®</b>	Yes
