

PCFI3080AF

30" Induction Range with Total Convection

The Frigidaire Professional 30" Front Control Induction Range features our most powerful and advanced convection system, Total Convection, which enables cooking modes like No Preheat, Air Fry, Slow Cook, Steam Bake, Steam Roast, Convection Bake and more! Enjoy the cleanability and amazingly fast speed of cooking with induction. Also includes a convenient Temperature Probe, Air Fry Tray, Backlit LED knobs, Glide Rack and features our fingerprint resistant, Smudge-Proof® Stainless Steel finish.

Available Colors: Stainless Steel

Version: 03/25

Consumer Benefits

Total Convection System

Gives you maximum versatility in the kitchen, powering cooking modes like Air Fry, No Preheat, Slow Cook, Convection Bake, Steam Bake, Convection Roast, Steam Roast and more!

Easy-to-Clean Cooktop

Unlike traditional electric and gas cooktops, Induction only heats the pan and the food in it, so the area around the pan stays cooler, allowing you to clean up spills and splatters while you cook.

No Preheat

Eliminates time wasted waiting on your oven to heat up - simply place your food in the cold oven and get to meal time, in no time.

No Preheat is best used for single-rack baking of frozen or pre-made items and food that needs to cook for longer than 10 minutes.

Air Fry

Make healthier and delicious meals for your entire family - right in your oven.

ReadyCook™ Air Fry Tray is included

For perfectly crispy and delicious Air Fry results. *ReadyCook™ Air Fry Tray is not required to use Air Fry.*

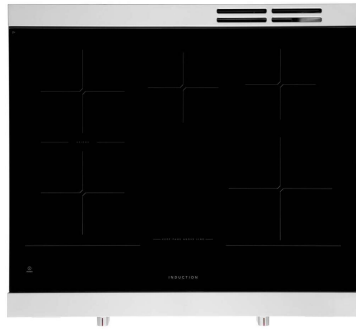

Slow Cook

With Slow Cook, your food cooks slowly and at a lower temperature (as low as 100° F), allowing you to lock in moisture and flavor without over or undercooking your food.
