# Whirlpool Gold® Side-by-Side Refrigerator

## GSS26C4XX

### KEY FEATURES

- **Resource Saver™ Refrigerator** the industry's most efficient full-size refrigerator exceeds federal minimum standards by 30% and earns an eco-friendly CEE Tier III rating.\* This model uses less energy each year than a 60-watt light bulb.
- **MicroEtch™ Spill Control Shelves** MicroEtch™ Shelves provide 25% more usable shelf space – the most shelf space in the industry.†
- **In-Door-Ice® Plus Ice System** we moved the ice maker and bin to the door to give you 30% more freezer space, enough for 9 more frozen pizzas.\*
- **Largest Crisper** the largest crisper in the industry† fits 85 apples and is humidity controlled to help preserve the freshness of fruits and vegetables.
- **Contoured door styling** stylish curves and rounded edges on the refrigerator door bring a contemporary look to the kitchen, while allowing for increased insulation, making the refrigerator more energy efficient.
- **Ramp-Up LED Lighting** casts a more natural light on the contents of your refrigerator. It illuminates from the front so food looks as it should instead of reflecting the blue hues found in other lighting systems.
- **Glass Freezer Shelves** redesigned shelves hold various-sized items and are easy to clean. Continuous glass surface prevents small items from slipping through the cracks unlike wire shelves.

# The power to get more done

† Among leading brands.

\* The CEE Tier system is based on the Consortium for Energy Efficiency qualified product listings.

\*\* As compared to Whirlpool® model WSF26D4EX.
