

EURO-STYLE 24" BUILT-IN COFFEE SYSTEM

Signature Features

WHOLE COFFEE BEAN SYSTEM

Your built-in coffee system does it all – from storing coffee beans, to grinding the beans before brewing, to discarding the coffee-grounds puck into the grounds compartment – letting you enjoy barista-style coffee drinks with ease.

WHOLE-BEAN COFFEE GRINDER

Professional-style metal burrs help ensure reliability, optimal grinding performance, and exceptional coffee, espresso and cappuccino flavor.

TOUCH-ACTIVATED CONTROL PANEL

Intuitive controls guide you effortlessly through the built-in coffee system's menu choices.

FROTHING SYSTEM WITH INTEGRATED MILK CONTAINER

Brew coffeehouse-style cappuccinos and lattes, complete with light or thick froth, with this easy-to-use frothing system featuring a one-button cleaning process.

ADJUSTABLE GRINDER SETTINGS

Occasional adjusting for perfect coffee-bean grinding is as effortless as turning the coarseness adjustment knob.

DUAL BOILER

Two boilers help ensure an ideal coffee and espresso brewing temperature for perfect extraction and flavor.

CAPPUCCINO OPTION

Enjoy coffeehouse-style cappuccinos – complete with light or thick froth and perfectly tailored to your strength and size preferences – without leaving home.

ADJUSTABLE COFFEE STRENGTH

Satisfy everyone's coffee-strength preferences by choosing from extra mild to extra strong.

DUAL DISPENSING SPOUTS

Dispense barista-style coffee or espresso for two with just one brewing.
