

30" BUILT-IN REFRIGERATOR COLUMN (RIGHT-HAND DOOR SWING)

Signature Features

OVER 250 CONFIGURATIONS

Freezer or refrigerator. Left-hand or right-hand swing. One, two, three columns in a row. Four different widths. With 12 one-unit options, 75 two-unit combinations and over 250 three-unit combinations, configuration is where bespoke begins.

ECLIPTIC LIGHTING

Live beyond the shadow. Abandoning the dark spots cast by dated puck lighting, over 650 LEDs frame and fill your column, coming alive at a touch of the controls. Each zone awakens and pulses as you mold your column to your desires.

EMOTIVE CONTROLS

At waist-level, this panel invites touch, challenging the idea that controls should be out of sight and out of reach. Control every zone and choose presets to coax out the flavors of your produce, meat, beverages, spirits and beyond—and dominate your domain according to your desires.

TRINITY COOLING

Revel in the trinity of food preservation: three zones, three precision sensors, calibrated every second. Fortified by an exposed air tower, you can conquer humidity levels and customize the temperature of each zone to your deepest desires.

DARING OBSIDIAN INTERIOR

Inspired by the beauty of volcanic glass, this industry-exclusive dark finish erupts with reflective, high-contrast style. Stop the whitewashing. Reject the unfeeling, lifeless vessel of harsh steel. Let fine foods and beverages emerge from the interior of your columns like vibrant art, begging to be devoured.

HUSHED ACOUSTICS

Unheard of. We're decibel for decibel one of the quietest leading luxury built-in columns out there. Casting off abrupt start and stop cycles, our columns ditch swings in temperature and humidity, running unobtrusively in the background. Brilliance doesn't have to announce itself; it just is.

REMOTE ACCESS

Open door. Power outages. Filter changes. Connect to WiFi for real-time notifications and control your columns from anywhere. Tap and swipe on both iOS and Android devices. ¹
¹ Appliance must be set to remote enable. WiFi & app required. Features subject to change. For details and privacy statement, visit jennair.com/connect.

SOLID GLASS AND METAL

All-metal bin and shelf frames. Thick, naturally odor-resistant solid glass. A forcefield at the edge that prevents spills. To hell with cheap plastic in luxury door bins, shelves and liners.

SHAPESHIFTER DRAWERS (REFRIGERATOR)

From craft beer to the farmer's market. Whether you're marinating a steak or storing a charcuterie tray, every drawer has presets to meet your desires.
