

PRO-STYLE® 36" DUAL-FUEL RANGE WITH MULTIMODE® CONVECTION

Signature Features

DUAL-FAN MULTIMODE® TRUE CONVECTION SYSTEM

This system features an oval heating element and two round fans that distribute heat evenly and thoroughly throughout the oven. Six different convection cooking modes, including bake, roast and broil, all deliver superbly consistent results.

5,000 BTU SIMMER BURNER

With a power output ranging from 5,000 BTUs to a gentle 700 BTUs, this simmer burner gives you maximum control while simmering sauces and melting delicate ingredients like chocolate and butter.

SIX SEALED BURNERS

The sealed burners, which prevent spills and drips from entering the burner box, make it easy to maintain a pristine cooking surface.

TWO 20,000 BTU STACKED POWERBURNERS

Each PowerBurner features two burners stacked in one location on the cooking service with a maximum output of 20,000 BTUs providing the power for high-temperature cooking techniques such as wok cooking and flash frying.

7-INCH FULL-COLOR TOUCH-ANYWHERE LCD DISPLAY

This luxury double wall oven's stylish LCD control panel features dynamic touch-screen technology, which allows you to navigate effortlessly through settings like temperature and cooking time.

CONVERTIBLE TO LP

This luxury dual-fuel range allows you to easily adapt your energy source from natural gas to propane.

THREE 15,000 BTU BURNERS

Three high-heat burners offer powerful output, allowing you to cook several dishes at maximum heat at the same time.

AUTO CONVECTION CONVERSION

This convenient feature automatically converts conventional cook time and/or temperature from any recipe to the appropriate convection settings, taking the guesswork out of convection cooking for consistent, effortless results.

ELECTRONIC IGNITION AND FLAME-SENSING™ RE-IGNITION

If the flame is accidentally blown out by a draft, a spark occurs that automatically re-ignites the extinguished burner.

Technical Specifications

Configuration and Overview

Size: 36 in

Fuel Type: Dual Fuel

Range Type: Professional

LP Convertible: Yes

UL: UL
