

# 27 INCH ELEC CONV BUILT-IN MWO

## Signature Features

### SPEED-COOK

The Speed-Cook feature combines the speed of microwaving with the precision of convection cooking and broiling. It helps you achieve oven-quality results up to three times faster than conventional cooking methods.

### SENSOR COOKING

This intuitive sensor detects humidity released by food as it cooks, determining the precise cooking time and power level for optimal doneness of each dish.

### 4.3-INCH FULL-COLOR MENU-DRIVEN LCD DISPLAY

This highly interactive, full color LCD control panel features menu-driven controls to guide you in selecting cooking options, such as temperature and cooking mode.

### FLUSH-TO-CABINET DESIGN

Thanks to flush-to-cabinet design, this wall oven can install flush with surrounding cabinetry, seamlessly integrating for a sleek look.

### CONVECTION & MICROWAVE COMBINATION COOKING

Combining a convection element and fan for even heat distribution with microwave energy, this cooking mode maximizes the microwave oven's power and precision—allowing you to achieve beautifully cooked results at microwave speed for a variety of dishes.

### 1.4 CU. FT. OVEN CAPACITY

Offering 1.4 cubic feet of space, this microwave's interior can accommodate a wide variety of dishes and cookware sizes.

## Technical Specifications

### Configuration and Overview

Size: 27 in

Microwave Type: Built-In
