## DISHWASHERS

### LDF6810

#### Capacity

- XL Tall Tub cleans up to 16 place settings at once
- Design-A-Rack™ System allows for maximum loading flexibility
  - Adjustable Upper Rack can hold 12" plates and stemware
  - Folding Tines in the Lower Rack accommodate larger items
  - 3-1 Cutlery Baskets can be snapped together or separated for placement in either the Upper or Lower Racks
  - Stemware Holder secures wine glasses, goblets and champagne flutes but also doubles as a double decker rack for storage of smaller cups

#### Performance and Conservation

- LoDecibel™ Quiet Operation
- SenseClean™ Wash System
- 5 Wash Cycles with 3 Spray Arms
- Sanitary Rinse
- Multi-Level Water Direction
- Detergent and Auto Rinse Dispenser
- Hybrid Condensing Drying System
- Slim Direct Inverter Motor
- Water Heater
- Food Disposer/Self Cleaning Filter
- Delay Start up to 12 hours

#### Style and Design

- Fully Integrated Electronic Control Panel with hidden controls
- Premium Stainless Steel Finish
- Stainless Steel XL Tub
- Nylon Coated Racks and Tines with rounded tips

ENERGYSTAR® qualified models exceed the Department of Energy standards for energy consumption by at least 25%. LG's Energy Star dishwashers allow consumers to save money, energy and protect the environment.

# DISHWASHERS

## Fully Integrated Electronic Panel

Provides a beautiful seamless exterior appearance.

## Premium LoDecibel™ Quiet System

Ensures you can talk on the phone or listen to the TV or the radio in your kitchen while the dishwasher is running. A combination of sound reducing material and the Direct Drive Motor ensures low noise.

## SenseClean™ System

Measures turbidity in the water with an LED light during the first rinse. Water and time are adjusted during the second cycle based on the need for more or less cleaning. This provides precise cleaning and water and energy efficiency.

## Multi-Level Water Direction

Sprays water and detergent in five directions for even and thorough cleaning.

## Hybrid Condensing Drying System

Uses a fan and condensation drying. The benefit is faster drying, reduced spotting and better energy efficiency.

## Slim Direct Inverter Motor

Delivers power directly to the tub from the motor without belts or pulleys. This innovative system enables a clean transfer of energy that is highly reliable, durable, quiet and compact.

LDF6810

CAPACITY	
Total Place Settings	16
Design-A-Rack™ System:	
Adjustable Upper Rack	Manual 2" height
Maximum Height of Upper Rack	Holds up to 12" dishes and stemware
Maximum Height of Lower Rack	Holds up to 14" dishes, pots and pans
Folding Tines	2 Rows on Bottom Rack
Stemware Holder	Serves as double decker cup holder
Cutlery Baskets	3 detachable baskets with covers
PERFORMANCE	
5 Wash Cycles	Power Scrub, Normal, Delicate, Rinse Only, Top Rack Rinse Only
