Counter Depth 3 Door French Door Refrigerator

SMART & HANDSOME.

This Counter Depth Refrigerator offers the sophisticated style and convenient features that you seek. It features our Smart Cooling technology package, designed to help keep your food fresher, longer. We freed up that valuable top-shelf space by moving the ice maker to the refrigerator door. The water dispenser is extra tall so you can fill nearly any size container. And it comes with a 4-Compartment Crisper system for extra convenience. Not to mention, our own Exterior / Interior Styling Package, so it's quite stylish too.

KEY FEATURES

Counter Depth, 20 cu.ft.

Enjoy a built-in look with the counter depth feature on this LG refrigerator. Thanks to its slightly shallower depth, it can stand flush with your countertop for a sleek look.

Slim SpacePlus® Ice System

Ice makers are great, but not if it means you can't fit all of your food in the fridge. The Slim SpacePlus® Ice System provides maximum shelf space* and allows even more space for door bins.

Tall Ice & Water Dispensing System

From pitchers to pint glasses: finally a water dispenser that can accommodate just about all. The water- and ice-dispenser in this LG refrigerator is one of the tallest around, measuring in at an ultra-accommodating 13 inches
