ENERGYSTAR® qualified models use at least 15% less energy than required by current federal standards. LG's Energy Star refrigerators allow consumers to save money, energy and protect the environment.

PANORAMA™ FRENCH DOOR

Tall Ice & Water Dispensing Center

The dispenser is nearly 12" tall – the upfront tap, retractable pitcher rest, and dual activation make it easy to fill all shapes and sizes of containers with the safe and clean water you love.

Sophisticated Design, Inside & Out

Only with LG's exclusive styling package will you get contoured doors, hidden hinges, and other features that present a sophisticated and refined look. The interior of the refrigerator adds to this look with recessed LED lighting, low profile shelving and an integrated crisper and deli storage center.

SpacePlus™ Ice System

Enjoy 11% more usable freezer space thanks to the self-contained ice maker located in the freezer door. Now you can store that additional gallon of ice cream or a few more favorite frozen pizzas! The ice storage bin is also removable for portability and easy cleaning.

4 Compartment Crisper System

Our unique design arranges the storage drawers to give you more versatility for organizing your foods and beverages. This refrigerator comes with a full width, temperature-controlled Chef's Pantry™ drawer, twin humidity-controlled crispers, and a bonus drawer that is perfect for beverage cans.
