Energy Efficiency

This refrigerator uses at least **36% less energy** than required by federal standards making it the most energy efficient fridge in the category - a positive impact on your energy bill, your energy consumption, and most importantly, the environment.

10-Year Warranty on Linear

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor uses fewer moving parts and operates more efficiently, LG confidently backs the compressor with a 10-year warranty.
