#### Slim SpacePlus™ Ice System

Ice makers are great, but not if it means you can't fit all of your food in the fridge. The Slim SpacePlus™ Ice System provides more shelf space and allows even more space for door bins.

#### Smart Cooling System

Smart Cooling system is designed to maintain superior conditions within the refrigerator. The Linear Compressor reacts quickly to temperature fluctuations and helps keep your food fresher, longer. Meanwhile, strategically-placed vents in every section surround your food with cool air no matter where you put it.

## GREAT ELEGANCE, SIZE, AND CONVENIENCE.

If you've ever wished you had more space to get more organized, your wish has been granted. With 28 cubic feet, you get that extra space. You also get two ice makers, to keep plenty of ice on hand to serve the whole party. Plus, our Smart Cooling technology helps keep food fresher longer. And with French Doors it's real easy getting food in or out of this refrigerator.
