- Lifetime HEPA Filter
- Pet Hair Turbine Tool
- Auto Rewind Cord (18.7 Ft.)
- Easy Storage
- Low Noise Level

LIGHTWEIGHT CANISTER VACUUM

LG's new LcV800R KOMPRESSOR® Canister Lightweight PetCare vacuum cleaner packs many of the innovative features LG has become known for into a low profile compact canister model. The KOMPRESSOR® technology allows you to pickup 3 times more dirt, dust and pet hair before emptying it. The Easy Moving™ wheel allows for easy maneuverability on both hard surfaces and carpets, while the retractable cord makes it easy to store.

KOMPRESSOR® System

Goodbye messy vacuum bags. The KOMPRESSOR® system uses a unique wiper blade within the bagless bin to keep it clean while compressing dust intake. That allows you to store up to 3 times more dirt, dust and pet hair vs. non-compressor models, and means there's an easy-to-dispose-of cake of dust when you empty it.

EasyMoving™ Wheel

The bearing wheel enables smooth sliding with less pulling for a better cleaning experience.

Compact Canister Design

Compact canister design with powerful KOMPRESSOR® technology to maximize pick up rate. The canister vacuum offers several tools: Pet Hair Turbine tool, 2-in-1 built-in brush, crevice tool and a telescopic wand.
