### Dehumidification Function

Control your indoor humidity level with our innovative dehumidification function. It mixes cool dry air, with the warm air to keep you comfortable and prevent overcooling. It can even save you money.

### Oscillating Air Vent

Enjoy every bit of cool air with our oscillating air vent technology. It circulates your cool air more efficiently, so no hot spot will be left untouched.

### Programmable 24-Hour On/Off Timer

With our programmable 24-hour on/off timer, you can control the temperature even when you're not there.
