Electric/Gas SteamDryer™

TrueSteam™ Technology

LG's TrueSteam™ generator provides powerful, yet gentle steam to reduce static and virtually eliminate the need for ironing.

SteamFresh™ Cycle

LG's innovative SteamFresh™ cycle makes it possible for you to refresh and reduce wrinkles in up to 5 garments at one time. Running late for work with no time to iron? Load a cotton blend shirt and select the SteamFresh™ cycle. You'll be ready to go in just 20 minutes.

SteamSanitary™ Cycle

SteamSanitary™ cycle refreshes and sanitizes dry items in the SteamDryer™. The SteamSanitary™ cycle kills bacteria on your clothes and is great for decorative pillows and other non-washable items.

Intelligent Touch Controls

with Large Color LCD Display and Dial-A-Cycle™

Intuitive controls allow you to 'set it and go'. The large touch, color LCD display provides instructions and diagnostics, while keeping you updated on the cycle status and time remaining. Trilingual menu options are offered in English/French/Spanish.

Ultra Large Capacity

The 7.4 cu.ft. ultra large capacity dryer with NeveRust™ Stainless Steel Drum is among the largest available. Allows you to dry larger loads in less time.
