ORGANIZED, FROM TOP TO BOTTOM

The outside is a French Door refrigerator with double freezer drawers. The inside is an organization-helping machine, with a 4-compartment crisper system for extra convenience. The Slim SpacePlus™ Ice System moves the ice maker to the refrigerator door to free up even more space on the top shelf. We've also added the power of Smart Cooling technology to help keep your food fresh. It's all of that and more in a beautiful package you're sure to love.

Slim SpacePlus™ Ice System

It's great having an ice maker, but not if it means you can't fit all of your food in the fridge or freezer. The **Slim SpacePlus™** ice system frees up additional shelf space and additional door space.

Fresher is Better

Smart Cooling Plus technology is designed to maintain superior conditions within the refrigerator. The Linear Compressor and Dual Evaporators react quickly to humidity and temperature levels and help keep your food fresher, longer. Meanwhile, strategically-placed vents in every section surround your food with cool, fresh air no matter where you put it.

10-Year Limited Warranty on Linear Compressor

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor uses fewer moving parts and operates more efficiently, LG confidently backs the compressor with a **10-year limited warranty**.
