- DualForce+™ Suction
- Compact Design
- HEPA Filter
- Telescopic Handle
- 30 Foot Cord

EFFORTLESS STEERING

What if you could clean your house with less effort than you ever imagined? The LG LuV350C KOMPRESSOR® Drive™ PetCare Vacuum Cleaner is a powerful, feature-packed vacuum contained within an efficient, compact design. The unique Drive™ Steering System maneuvers smoothly and quickly around any obstacle. And with KOMPRESSOR® technology you can pick up 3 times more dirt, dust and pet hair before emptying it.

KOMPRESSOR® System

Goodbye messy vacuum bags. The KOMPRESSOR® system uses a unique wiper blade within the bagless bin to keep it clean while compressing dust intake. That allows you to store up to 3 times more dirt, dust and pet hair vs. non-compressor models, and means there's an easy-to-dispose-of cake of dust when you empty it.

Drive™ Steering System

Unique steering system smoothly maneuvers around any obstacle. Allows you to steer smoothly with the twist of a wrist.

Compact Design

The lightest vacuum in LG's family of products with all the power of the full size vacuum. The handle collapses for more compact storage and the lighter weight makes it easier to maneuver around your home.
