PERFORMANCE

- 8,000 BTU
- Cooling EER (BTU/Watts) 10.8
- Dehumidification (Pts/Hr) 2.2
- Est. Cooling Area 340 sq. ft.

FEATURES

- 3 Cooling & Fan Speeds with Auto Cool
- 4-Way Air Direction
- Power Failure Auto Restart
- Remote Control
- Timer 12 Hr. On/Off

IT'S ALL ABOUT ANTICIPATION

Cool a little while you save a lot. With 8,000 BTUs this unit will save you energy and money while cooling a room up to 340 square feet. Plus, we've got you covered with Auto Restart. So, when storms, high wind or heat waves cause a power outage, your unit automatically turns back on when power returns.

3 Cooling & Fan Speeds with Auto Cool

Three powerful cooling and fan speeds allow you to control the temperature of your room at your pace.

4-Way Air Direction

Enjoy the cool air even more with our 4-way air direction. By adjusting the deflection, air is directed up, down, left or right. So you can move the air where it's needed most.

Power Failure Auto Restart

Living isn't always easy in the summer. There are storms, high winds and extreme heat that can lead to power outages. Keep yourself covered with Auto Restart, which automatically turns the unit back on when power is restored.

AIR CONDITIONER

LW8011ER
