

Dependable performance. Innovative convenience.

Are you a side-by-side person? Or do you prefer a bottom-freezer refrigerator? Chances are, you already have a preference. And the good news is, Maytag offers a complete selection of stylish and dependable refrigerators with generous capacities and convenient features designed to keep food fresh and easily accessible.

WHICH STYLE IS RIGHT FOR YOUR KITCHEN?

Answer these questions to help determine which models and features you need to solve your everyday challenges.

1. Would you like a bottom-freezer refrigerator with French Door style — and the convenience of an external water and ice dispenser?
2. Do you prefer a side-by-side model, but wish it offered wider fresh food and freezer space?
3. Do your veggies or fruits often spoil because they get lost in the back of the crisper drawers?
4. Is it difficult to fit pitchers or other tall items in your fridge?
5. Are you tired of getting on your hands and knees to reach items buried in the back of your bottom freezer?
6. Would you like a refrigerator that looks built in — without the built-in price?
