NEW 2014 BUILT-IN DISHWASHER 100% STAINLESS STEEL TUB MDB4949SD

Key Features

Maytag® dishwashers feature the most powerful motor on the market,* so you can be sure what you put in comes out clean.

4-Blade Stainless Steel Chopper

No more scraping plates. The 4-blade stainless steel chopper pulverizes the food particles that come off your dishes so they don't end up recirculating and sticking to your dishes and glassware.

Better Built With Stainless Steel

We wanted to build a dishwasher with some real "mettle." That's why we took out plastic and replaced it with stainless steel wherever we could.

PowerBlast™ Cycle

The PowerBlast™ cycle removes stuck-on food with high pressure spray jets, increased temperature and hot steam to finish the job.

Visit maytag.com for warranty and 30 Day Quiet gaurantee details.
