LED Cooktop Light

Illuminates your cooktop

LED lights are significantly brighter than halogen or incandescent bulbs and save more energy*

Evenly distributes a soft, bright light across your cooktop

Power consumption for Samsung standard OTR incandescent bulb is 40 W as compared to LED, which is 2.4 W (energy savings).

EZ Filter™ Change

Easy reach, easy clean

Convenient, easy-to-access location is simple to eject and helps you remember when to clean the filter

Change the filter every month to maintain microwave performance

Steam Cleaning

An easier, more natural way to clean

Steam cleans the microwave for you; save time and money on cleaning supplies

Pour 3 ounces of water in a bowl, place inside, press Steam Clean and wipe clean after seven minutes

Eco Mode Button

Conserves power intelligently with the push of a button

Conserves power by turning off display when not in use

More convenient than unplugging the microwave when not in use
