## MODELS WITH BRIGHTSHIELD™ ANTIMICROBIAL PROTECTION AVAILABLE

BrightShield lighting is a proprietary biotechnology innovation that provides continuous antimicrobial action to create a cleaner environment for your ice. BrightShield kills* viruses, bacteria, fungi, yeasts, mold, and mildew and is even proven effective against the most difficult class of viruses to kill. Additionally, this UV-free LED light technology is approved for continuous use around people, pets and plants.

## FINISH OPTIONS

# 15" Marvel Professional Clear Ice Machine with Pump Included

MPCP415

## Performance

- Models with BrightShield lighting feature Vyv™ antimicrobial technology that kills* viruses, bacteria, fungi, yeasts, mold, and mildew
- Consistently produces pure ice with exquisite clarity with uniform 3/4" ice cube size
- Produces up to 39 pounds of clear ice daily
- Large-capacity bin stores up to 23 pounds of clear ice, while preserving quality and assuring fresh ice production
- Ice scoop included with dedicated holder
- Factory-installed drain pump included
- Thermal-efficient cabinet insulates cooling environment and ensures optimum energy efficiency while maximizing capacity

## Convenient Controls

- Integrated controls feature convenient settings and programmability
- Audible alerts, cleaning reminders and Sabbath Mode
- Silent Mode automatically postpones operation by 3 hours

## Fit & Finish

- Luminous LED light and elegant midnight black interior
- Professional styling: robust full-length handle, stainless steel accents and soft-close integrated hinge
- Glass door option highlights clear ice
- Easy to clean - inside and out
- Reversible door allows for right or left swing for adaptable installation
- Toe kick adjustable to 4" with leveling legs
- Designed for simple installation with angled commercial cord design

## Warranty

- 3-year parts and labor warranty with product registration and 5-year sealed system parts warranty

Glass door option showcases crystal-clear ice

*Much like a fine chocolatier slowly tempers chocolate to a solid state for the best quality and flavor, Marvel Clear Ice employs a fractional freezing process to create clear ice with the ultimate clarity and purity. As water runs over the cold plate, pure water freezes first. Dissolved solids are carried away into the water reservoir, giving you clear ice that cools your drinks without affecting the flavor.*

* Testing on a non-enveloped virus (MS2 bacteriophage) showed a 97.12% reduction in controlled laboratory testing in 8 hours on hard surfaces. Testing on SARS-CoV-2 (enveloped virus) showed a 98.45% reduction in controlled laboratory testing in 4 hours on hard surfaces. Testing on MRSA and E. coli showed 90%+ reduction in controlled laboratory testing in 24 hours on hard surfaces. Results may vary depending on the amount of light that is reaching the surfaces in the space where the product is installed and the length of time of exposure. Use of Vyv antimicrobial light is not intended to replace manual cleaning and disinfection practices.

Reversible door

Produces 39 lbs clear ice

Digital controls with Silent Mode and cleaning alert

Thermal-efficient cabinet

(4) leveling legs

Easy cleaning access

LED lighting

23 lbs clear ice storage
