Top Control Dishwasher

with 3-Stage
Total Drying

WOW Features

3 Stage Total Drying
Bottle Wash Zone
3-Level Height Adjustable Rack

Midea's Top Control Dishwasher features 3-Stage Total Drying—combining Extended Dry, Auto-Open Door, and Air-Dry functions—to deliver consistently dry, spotless results. Each rack is equipped with a full-length spray arm for thorough, edge-to-edge cleaning, while the dedicated Bottle Wash Zone provides a powerful clean for bottles and deep items, inside and out. With a 3-Level Height Adjustable Rack and an additional 3rd Rack, this dishwasher offers flexible loading options to accommodate dishes, cookware, and utensils of all shapes and sizes.

3 Stage Total Drying

Our innovative drying system combines Extended Dry, Auto-Open Door, and Air Dry functions to leave your dishes perfectly dry and spotless, every time.

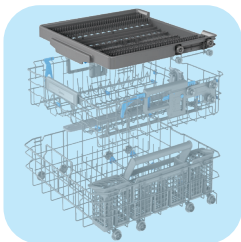

Bottle Wash Zone

Specialized area with holders and dedicated jets that spray water directly into bottles and tumblers, ensuring deep cleaning both inside and out.

3-Level Height Adjustable Rack

You can easily adjust the middle rack between 1-2" to create space for taller items on the rack below.

3rd Rack

Holds utensils of varying sizes to free up space for the rest of your dishes.

3-Level Spray Arms

Each rack has a full-length spray arm for maximum cleaning coverage.

Wine Glass Holders

Keep delicate stemware secure on the top rack during wash cycles.
