AutoFill Water
Pitcher

Midea's 24.5 cu. ft. Side-by-Side Refrigerator offers standard-depth capacity in a counter-depth design, giving it a built-in look that blends seamlessly with your cabinetry. It is easy to store fresh and frozen foods and keep them organized with multiple shelves and storage bins in both compartments. The AutoFill Water Pitcher ensures that a cold, refreshing drink is always available.

Certifications & Warranty

Standard-Depth Capacity, Counter-Depth Design

Offers 24.5 cubic feet of food storage in a counter-depth design, giving it a built-in, custom look that blends seamlessly with your cabinetry.

AutoFill Water Pitcher

Instantly enjoy cold, filtered water with the built-in dispenser that automatically fills the included 54-ounce pitcher, perfect for serving anytime.

Internal Water Dispenser

Dispenses fresh, filtered water straight into your cup, bottle, or tumbler when the AutoFill Pitcher is removed.

Icemaker

Enjoy a steady supply of ice cubes without having to fill trays.

Gallon-Sized Door Bins

Store large containers in the door instead of using shelf space.

Crisper Bins

Keeps fruits and vegetables fresh, organized, and accessible.
