FEATURES & BENEFITS

Outstanding Performance

Discover the flexibility to get creative in the kitchen with nine oven functions including Bake, Roast, and Aero™ Pastry with Pizza Bake. The AeroTech™ system circulates air evenly throughout the entire oven, perfect for multi-shelf cooking.

Power & control

The induction cooktop provides instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear, stir fry or simmer a delicate sauce to perfection.

Large capacity

The large 4.9 cu ft total capacity for this range gives you plenty of space to cook multiple dishes at the same time.

Quality and durability

Every detail has been carefully crafted, from the heritage design cues, to the solid, perfectly balanced soft-close door, and to the chromed cast zinc dials. They all add up to an exceptional, premium range.

Easy to clean

The self-clean function reduces grease and food residue to an easily removable light ash and the cooktop simply needs a quick wipe to keep it looking good as new. The oven door and runners can also be removed for easy cleaning.

Safe and sound

Designed for your safety and convenience, this range features full extension telescopic sliding shelves, a quadruple-glazed CoolTouch door, and a child lock. Induction cooktops heat only the cookware, not the elements, so they are much safer in family kitchens.
