

Euro Wall Mount Hood with Compact Canopy, Ductless Ventilation (ARS)

A compact canopy gives this Euro-style hood a condensed architectural profile that's ideal for tighter spaces. Patented ARS (Air Recovery System) technology combines centrifugal grease extraction with advanced odor and smoke filtration to recirculate clean air back into the kitchen without ductwork. Dishwasher-safe components simplify cleanup. Matching duct covers and ARS filter assembly sold separately.

K250 ARS	115	3.5	60	1550	N/A	N/A	N/A	N/A	N/A

¹ CFM (cubic feet per minute) measures airflow. ² Sones measure perceived loudness—lower values indicate quieter operation. Decibel values shown are approximate equivalents. ³ This model is not available with heat lamps. ⁴ Airflow (CFM) decreases as duct resistance (static pressure) increases. Values at 0.1"–0.3" SP reflect typical installed conditions.
