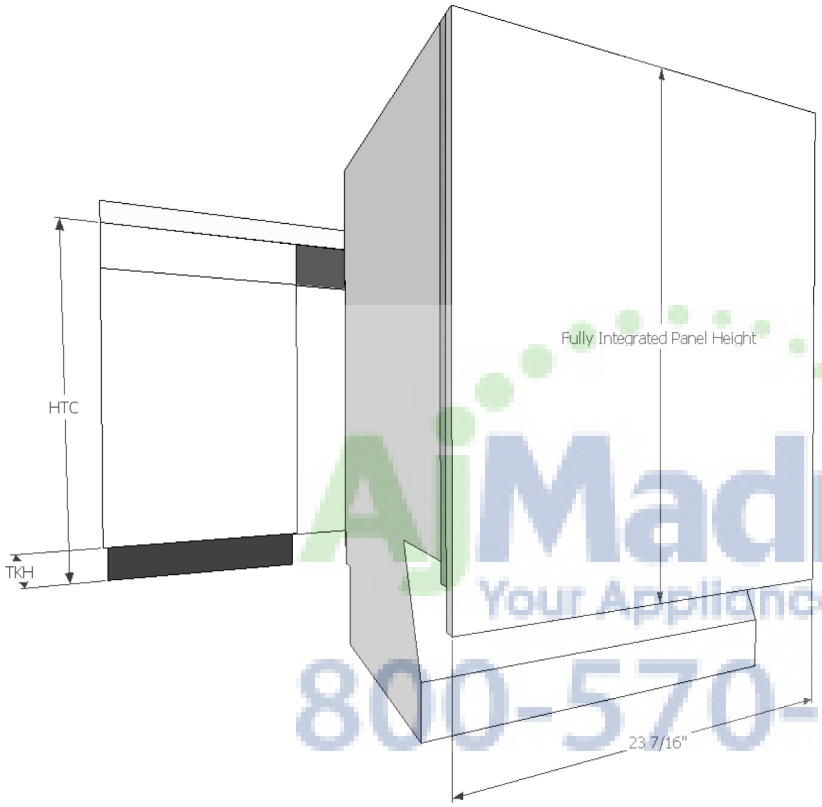
Custom Panel Installations

Some Miele dishwashers do not come equipped with a front panel. These dishwashers are designed to accept a custom door panel supplied by the cabinet maker. Miele has a unique panel integration system which allows the dishwasher to align with the surrounding cabinets.



Width: 23 7/16" (598 mm) in all cases

Thickness: ¾" (19 mm) in all cases

Height: Determined using the following calculation:

Panel Height = HTC – TKH

HTC = Height to the underside of countertop

TKH = Toe kick height

Note: Control panel is along the top edge of the unit. It is not visible when the unit is closed. A handle MUST be located on the front panel in order to open the unit.

Maximum panel height: 31 7/8" (809 mm)

Minimum panel height: 27 3/16" (690 mm)

Maximum panel weight: 21 Pounds (9.5 kg)
