

GE Profile™ 30" Smart Built-In Convection Double Wall Oven with Left-Hand Side-Swing Doors

Model# *PTD700LSNSS*

- Built-In WiFi, Powered by SmartHQ App - Connect, Control and Manage your oven from anywhere with your smartphone or tablet
- Better When Connected - Ensure your oven always has the latest features, like new Air Fry modes, with downloadable software upgrades
- Swing Door - An innovative door design that opens to the side instead of down, eliminating awkward reaching
- Precision Cooking Modes - Simplify the cooking process with precision cooking modes that automatically track progress, and make time and temperature adjustments
- No Preheat Air Fry - Cook healthier, crispier versions of your favorite foods in less time, thanks to an air fryer right in your oven that doesn't require preheating, a basket or a special tray
- No Preheat - Eliminate the need for preheating and save time with a variety of precision cooking modes
- Full-Color Display - Easily navigate wall oven settings thanks to a 7" touchscreen display
- True European Convection with Direct Air - This oven features True European Convection, an advanced convection system that uses a third heating element and reversing fan for the highest level of heat and air circulation
- Easy-Glide, Never-Scrub Rack - This smooth-gliding oven rack can be left in the oven during the self-clean cycle so you never have to scrub
