

Maytag Model: MGD6200KW

Top Load Gas Dryer with Moisture Sensing - 7.0 cu. ft

Color White

Product Description

Evenly dry large loads with this 7.0 cu. ft. capacity dryer. Equipped with Moisture Sensing, two sensors monitor inside moisture and air temperatures to help prevent overdrying and underdrying. The Wrinkle Prevent option runs for up to 150 minutes after the cycle has ended to help keep wrinkles from forming and the drum light gives a clear view of laundry for quick unloading. Add a 10-year limited parts warranty on the drive motor and drum, and you've got the power to evenly dry loads for years.

Specifications

Controls

Automatic Temperature	Yes
