Available Finishes

Aptly named for the year Ken Rohl discovered a Swiss-made Pull-Out faucet in Europe, the ROHL® 1983 Pull-Out/Pull-Down Series is a timeless collection of traditionally styled kitchen faucets. Utilizing state-of-the-art factories in North America and New Zealand, each piece features anti-scald technology, dissimilar ceramic discs for longevity and smooth operation, as well as a stainless steel coil and chlorine-resistant inner liner.

A DISTINCTIVE MEMBER OF THE HOUSE OF ROHL
